CARROT TOP
By R. Robert Evans

In starting my twelfth year here in Sierra Madre I want you to know that I never cease to be amazed at both the town and the people. It is every day that I learn something new, and sometimes it is outstanding and fabulous.

— CT —

Take for instance at my desk this morning coming from the United States Post Office was a picture and a news story. The picture was nice, it showed a light house, a lake and a boat with acreage at the rear. There wasn't anyone in the boat that I knew but the scenery was nice and it was all about selling land at a place called Canyon Lake, southeast of Corona in Riverside County.

— CT —

As I said the picture was nice but it just didn't seem to impress me too much, but the news story that went with it really did impress me, and it made me happy to be a Sierra Madrean. Like most news stories the first paragraph is the one that is supposed to get you interested enough to read the entire news release, so for your pleasure and enjoyment I am going to reprint the first paragraph of that story only, and I think you will soon see why I am happy to be included among Sierra Madreans.

— CT —

The entire story is headed "SIERRA MADRE FAMILIES BUY AT CANYON LAKE" . . . "Sales at Canyon Lake, a $45 million family recreation community 20 miles southeast of Corona in Riverside County continues to climb rapidly, with 4,330 lots sold. Five of the lots were sold to residents of Sierra Madre for a total of $40 million." . . . End of first paragraph and as far as I am concerned end of story.

— CT —

Further on, the writer got so engrossed in what he had to say that he repeated two paragraphs all over again. Well anyway, I am sure happy that I am from Sierra Madre, where we had five residents investing a cool $8 million each. If what they say is true in the first paragraph then 4,325 were sold for $5 million and the last 5 of them were sold to Sierra Madreans for $40 million . . . . . Nice going Sierra Madreans, hope you live happily ever after.

— CT —

If you have not already found out about it, and I am sure you have, you are now paying 6% sales tax on the sale or use of tangible personal property in this district from July 1, 1973 for the next two years. That is what it says in the small print. If this tax goes off in June of 1975 I will be the most surpised person in Kersting Court. And again I will be surprised if it even continues past August 1st of this year. Seems the Governors fighting it all the way.

— CT —

In my years in business I have seen so many of those taxes placed on businesses and consumers for a short length of time that never stop . . . Some day there is going to be a roaring halt to this whole damn taxing business and when this happens you can look for a whole lot of changes to be made pronto.

— CT —

I wrote in to a great big eastern collecting bureau asking for some new ideas about collecting some of my delinquent accounts, and one of the ideas that they sent back was one that was tried by a large department store in a big town located near a suburban city, more or less like Pasadena and Sierra Madre.

— CT —

Anyway this big department store wrote the following letter to one of their slow and almost unheard of accounts . . . . "Dear Mr. Smith," the letter began, "what would all of your neighbors think if we came to your town and repossessed our merchandise?"

— CT —

In about three weeks, the letter came back with the following message written across the bottom . . . . "I have taken up this matter with my neighbors, and they all think it'd be a lousy trick." . . . Whata we do now, coach?

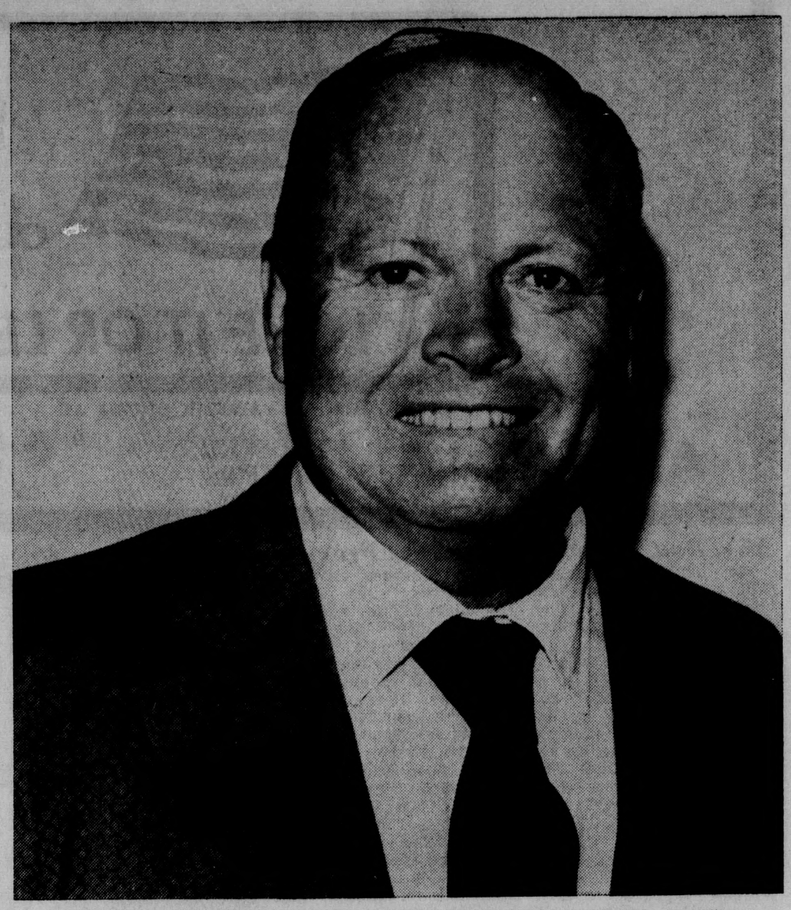

— CT —

One of our senators in Washington, D.C., severely criticized the President's welfare proposal which would require all able bodied persons to work if work is available.

— CT —

The critic said such a procedure might cause a wel-

RETIRING LOS ANGELES CITY TREASURER, ROBERT SHADFORTH, a long-time Sierra Madrean, was recently honored at a retirement reception held June 11 in the Tower Room of the City Hall. The affair was hosted by the personnel of the Office of the Treasury, with Mr. Charles Hand as chairman, and attended by many, including leading Los Angeles government officials.

Made $100 Million For L.A.

Sierra Madre Man Retires As L.A. City's Treasurer

Robert Shadforth, Los Angeles City Treasurer, recently retired from that position, was awarded a resolution of the Los Angeles City Council commending him for establishing a cash management program that produced for the City more than $100 million in interest earnings since his appointment as treasurer on December 27, 1963, and further, commending him for his outstanding service as City Treasurer.

The long-time Sierra Madrean was also given a plaque with the City Seal by Mayor Sam Yorty in recognition of meritorious service to the citizens of Los Angeles.

He was further honored by the California Municipal Treasurers Association, the Los Angeles Municipal Accountants and Auditors Association and by the All City Employees Association. In addition, Mr. John W. Luhring, director of public affairs of Union Bank, presented a valued gift on behalf of Shadforth's friends, including many business associates.

All these honors came to Mr. Shadforth at a retirement reception held on June 11, 1973, in the Tower Room of the City Hall, given by the personnel of the office of the Treasury, with Mr. Charles Hand as chairman of the event.

Born in West Caldwell, New Jersey in 1918, Bob has lived in Southern California for the past 50 years. He attended Alhambra High School and the University of California at Los Angeles. His business background is in financial administration, accounting and auditing. In 1947, he came to the City of Los Angeles in the City Clerk's office, as an accountant and was promoted through the accounting ser-

Discussion On Desert Conservation

Gary Lyons, horticulturist in charge of the Huntington Desert Garden, will discuss problems in desert conservation at the July 12 meeting of the San Gabriel Cactus and Succulent Society.

The meeting is held at the State and County Arboretum, 301 North Baldwin Avenue, Arcadia. Meeting will start at 7:30 sharp and the public is welcome.

There will be an awarding of a plant and refreshments.

APPOINTED — Arcadia resident Jay W. Coleman has been promoted to manager with Security Pacific Bank's University and Jefferson Branch. Coleman was formerly personnel relations officer with the bank's Central Division. A native of Indiana and an alumnus of Lewis and Clark College, Portland, he joined Security Pacific Bank as management trainee in 1964.

Candy Stripers March In Parade

On Wednesday, July 4, the Sierra Madre Community Hospital Candy Stripers were among the participants in the annual Fourth of July Parade.

The girls were led by president, Kathy Kendra, and vice president, who carried the Candy Striper banner. Following them were Carol Beggs, Claudia Krajian, Jean Osmond, Dana Pedersen, Kathy Sullivan and Sharon Thompson.

After the parade there were booths, games, contests and other festivities at Sierra Vista Park. The Candy Stripers also worked a booth from 10 a.m. to 2 p.m. Watermelon slices and orange drink were sold throughout the day. A tremendous total of $82.95. was made.

All in all everyone seemed to enjoy themselves no matter what they were doing.

Building Permits Up 40 Per Cent

Sierra Madre ended its first six months of 1973 with approximately a 40 per cent increase in the building permits, or about $257,000. The greater part of the increase came during the month of June with a permit for a 24 unit condominum, valued at $400,000. It is expected that the permits will run over $1 million for the year, as the following is recorded for the first six months: $649,080, as compared to $392,055 for the same period of 1972.

Total number of building permits issued for the month of June, 18, with valuation of $418,249. There were 53 street, electrical and plumbing permit issued, with fees of $800.32.

Building and plan check fees for the month amounted to $1,479.80; 30 business licenses were issued with fees of $693.25.

Swim Team Brings Home The Trophies

Twenty trophies were captured and two meet records were broken by members of the Sierra Madre Swim Team recently at two Southern California swim competitions. The team placed seventh overall, taking 54 points in one of the meets and earned a total of ten heat ribbons.

The mayor of Monterey Park greeted the entrants at their annual invitational meet. Linda Seibert set a new meet record in the 11-12 50 meter freestyle with a 31.3 seconds. She also took a second place trophy in the breaststroke (43.6), a third place in the butterfly (39.7), a fourth place in the backstroke (41.9), and fifth in the 100 meter free (1:14.4). Another trophy winner was Kathy Latiolait (11-12), who earned a third place in the breaststroke (43.6). Joan

Fourth of July Celebration Big Success

Sierra Madre went all out this Fourth of July to mark the birthday anniversary of this nation's Declaration of Independence.

The day started with the largest Independence Day Parade ever held in Sierra Madre. Under the direction of Bob Hatfield, assisted by other members of the Chamber of Commerce and Steve Renfro, director of Parks and Recreation, the many units formed on Sunnyside at Sierra Madre Blvd. and marched to Sierra Vista Park where a full day of activities had been planned by the Chamber of Commerce and Parks and Recreation.

Of course the main highlight of the parade was the appearance of Capt. John Nasmyth, a long-term ex-prisoner of war who was given a warm reception all along the line of march. He was the Grand Marshal for the occasion.

Most of the other marchers, of which there were indeed a large number, were Sierra Madre residents, who are members of one of the organizations represented in the home-town celebration.

Robert A. Heasley Given Honors

ROBERT A. HEASLEY
. . . . Honored

Having been struck down with illness while on duty some one and a half years ago, Sgt. Robert A. Heasley has now joined the ranks of those in retirement, after serving the City of Sierra Madre in the Police Department since May 26, 1951.

The City Council at its regular meeting of Tuesday, July 10 passed Resolution No. 73-49, which commended Robert Heasley on his service to the community for those years.

Many will remember that Bob Heasley served many years as a member of the Sierra Madre Volunteer Fire Department and as interim Chief of Police in the year 1967.

Having served 22 years on May 26, 1973, 13 of those

General Telephone Grants Promotion

Leonard Licata, vice president - operations for General Telephone Company of California, has been elected a member of the company's board of directors. He succeeds Paul N. Malmgren, former executive vice president-operations.

Malmgren retired from General Telephone on June 30 and, at the same time, resigned from the board. His resignation was accepted with regrets. A resolution was approved by the company directors which expressed appreciation to Malmgren for his many years of excellent service to the California company and all of the General Telephone and Electronics telephone operating companies.

Fire Closure Compliance Being Sought

Fire Chief Charles Brown wishes to again emphasize to those people interested in hiking and riding in the mountain and brush area above Sierra Madre that "Fire Closure" went into effect July 1, and that the area has been posted by the Fire Marshal.

For all intents and purposes the closure means "Please stay out" except by a written permit issued by the Fire Marshal or the U.S. Forest Service.

It has been pointed out, and is here being reiterated, we had a very generous amount of rain during the rainy season and the foothills had luxurient growth of chaparral, but now with several weeks of no moisture this growth now provides disaster potentials.

During the closure season, entry permits into the area are provided on a day-to-day basis and depend on predicted weather factors for the day. The predictions, called "Fire Index" are issued each afternoon at four o'clock by the U.S. Forest Service for the next day. If temperature, moisture and wind are favorable, permits are issued, if not, then full closure is enforced.

Hiking permits may be picked up the night before, or the day of the hike and must be returned to the Police Dept. on the evening they were granted for.

Those individuals seeking entry permits are urged to contact Fire Marshal Richard Probart for permits and full particulars regarding the

P & R Lists 4th Winners

The Parks and Recreation Department wishes to thank all those citizens participating in the events as well as those organizations who brought their booths and wares to the celebration.

The Soap Box Derby drew many entrants as well as cheering crowds this year, thanks to all those local merchants who were kind enough to sponsor a Sierra Madre youth. A special thanks to all those entrants who worked so diligently on their racers; they were beautifully done. Ths winners were Mark Armstrong in Class A, sponsor Bud's TV; and Joe Crowley in Class B, sponsor Bill Birgensmith's 76 Station.

This years parade was lively and well received by around 5000 enthusiastic viewers and participants. This years award winners were "Marching Adult Group," Search and Rescue;

City Warrants Given Approval

Ending up the Budget year and having received the warrants for the last half of June, Councilman Joseph Delgatto Sr., having inspected the billing and the warrants, stated that all were proper, discounts taken and made a motion that the treasurer be instructed to draw the warrants in the amount of $101,648.60.

The motion was seconded and Resolution 73-50 adopted and the bills ordered paid as presented.

SUPERVISORS' CHAIRMAN PETE SCHABARUM, left, proclaims the period July 1-7 as Safe Boating Week in Los Angeles County with the presentation of a formal County resolution to David Klein, center, a resident of the Silverlake area, and Russ Franks, San Pedro. Klein is safety officer for District 13 of the U.S. Power Squadron. Franks is safety officer for the San Fernando Valley Power Squadron. Nearly 5,000 Los Angeles County residents are members of the power boat squadrons.

City of Hope Week Set For July 14 - 20

Having received a request from the City of Hope Medical Center that Saturday, July 14 is the time of the 1973 convention and that this year marks the 16th anniversary of the City of Hope ,it was asked that the City Council adopt a proclamation designating the week of July 14-20 as City of Hope Week.

Mayor Abernethy so proclaimed and the Council adopted the Proclamation.

Girls' Soft Ball Shows New Zest

Sierra Madre Girls' Softball League players and managers showed a new zest for the game Thursday as several displayed "Spike Nasmyth" autographed mitts. A game ball signed by both Captain Nasmyth and his mother, Virginia Nasmyth, is the proud possession of the Blue Jays. That's one ball that certainly will never see play!

Nasmyth, in Sierra Madre to serve as grand marshal of the Fourth of July parade, enthusiastically signed endless autographs. Two of his signatures appear on Booster Drive tickets which were presented to him by Blue Jay Kim McGillicuddy on behalf of the Girls' Softball League. Funds raised through the drive, currently in process, will benefit all youth programs sponsored by the Sierra Madre Athletic Association, Inc. These include Tee Ball, Little League, Pony and Colt in addition to Girls' Softball.

Captain Nasmyth and

Pony League Ends Play

Pony League season ended the way it began as the four teams held their position steadily throughout the entire season. The Tigers, managed by Bill Young and coached by Dale Jones and Frank Ecker retained first place, followed by the Twins, managed by Dick Patterson; the Pirates, managed by Fred Scott and coached by Ash Buchan and the Reds, managed and coached by John Grijalva and his two sons, Steve and John.

Players who ended the season batting over .250 were Mike Patterson of the Twins; Jay Champain, Pirates; Steve Sweeney, Tony Nickoloff and Rich Crook, Reds; and Ted Norman, Rich Krol, John Koch and Matty Young of the Tigers.

Fred Scott took a team of 13 year olds to La Puente to compete in the tournament there beginning on July 7. The first game for the Pony League All-Stars, under the management of Bill Young and Dale Jones was scheduled for Sunday, July 8 at 2 p.m. in Monrovia Park.

By Senator James R. Mills

Revenue Sharing Claims To Be A Pork Barrel

Revenue sharing, the billion dollar urban cure, could become the political pork barrel of the 70's.

To date, the Federal Government has allocated a little more than $704.5 million in general revenue sharing funds to California state and local governments. A third of this ($234.8 million) went to state government and two-thirds ($469.7 million) to cities and counties.

But how much of the $469 million each city and county gets in the future is up to the Legislature to decide. Currently, funds are disbursed based upon a complicated formula which takes into account such factors as population, taxes and income. But that's only one way of dividing up the money. The Legislature has the option of using other methods, equally complicated, which result in determining how much each city or county will receive. The difference between them is the difference between the County of San Francisco receiving $11.2 million or $19.4 million in Federal funds.

Under the current method, San Francisco would receive $17.8 million and Los Angeles County $139.5 million. But another plan, which would benefit San Francisco and Los Angeles, would mean a loss of revenue for San Diego.

Conversely, another plan which would increase San Diego and Sacramento County revenues would mean a 13.3 per cent drop for Los Angeles and a 36.9 per cent decrease for San Francisco.

Clearly, whatever plan benefits the big population centers will have a better chance for passage. The current federal formula may be retained awhile, but it Los Angeles County knows it can boost its entitlement from $139.5 million to $151.1 million it will exert great pressure upon its legislators to do so.

As the urban titans battle for the lion's share of federal funds, rural counties will probably try to stymy their efforts in order to maintain the status quo. Kern County will lose under any change in formula as would also Fresno, Imperial, Riverside and a host of other counties.

The pot of gold may be a very elusive one. It appears that the present formula will continue, but not without some major effort from the big counties and cities to increase their share of the pie.

TWENTY-FIFTH ANNIVERSARY AWARD — John I. Bolen (right) is shown receiving his twenty-fifth anniversary award from Arthur L. Ferris, chairman of the board and chief executive officer of Republic Federal Savings. Mr. Bolen has served the Association as a director since 1948, except for 1950-52 interim absence from the board. He has also served as a member of the executive committee since 1953 and a vice president since 1963. The award of commendation, in the form of a scroll, was signed by the entire board of directors, thus honoring Mr. Bolen's outstanding service as a director and officer of the Association thoughout the years.

Shakespeare Club of Pasadena Lists Varied Activities For Busy Summer

Mrs. William R. Mayhew, president of Shakespeare Club, announces that many members have used the club house during June for meetings and private parties. In addition to board meetings, the press committee, ways and means committee, and the philanthrophy committee have held meetings there.

Mrs. Idelle Sundquist, chaiman of the Philanthropy Committee announced that the first of the summer series of Benefit Bridge Luncheons held in June has been attended by 84 members. The second of the summer parties will be held on Thursday, July 9th at 11 o'clock at the club house. Resevations must be made by the Monday preceding (July 16th). Call either Mrs. Lon R. McIntire, 797-0648, or Mrs. Lloyd Nelson, 351-8394.

Punch and the luncheon will be prepared and served by members of the Philanthropy Committee. They are: Ms. John A. Asher, Mrs. William D. Conel, Mrs. Stanley Dinsey, Mrs. Harvey Gunn, Mrs. Chales Haver, Mrs. Charles E. Hollingsworth, Mrs. Juanita Mason, Mrs. Lon R. McIntire, Mrs. Lloyd Nelson, Mrs. Robert Stone, Mrs. Elgy H. Williams, and Miss Marjorie McClure.

Mrs. Roland W. Davis, chairman of Ways and Means Committee, announces a series of Pyramid Bridge parties will begin in early July. Those invited to start the series are members of the board and members of the Ways and Means Committee. They are Mrs. William R. Mayhew, Mrs. John D. Phillips, Mrs. Walter L. Benedict, Mrs. Joseph E. Welsh, Mrs. Wesley W. Witter, Mrs. Gladwyn V. R. Roper, Mrs. Vincent P. Hengesbach, Mrs. Idelle Sundquist, Mrs. Roland W. Davis, Mrs. Mainerd V. Baker, Mrs. William K. Billingsley, Mrs. Charles O. Blaisdell, Mrs. Clark Branson, Mrs. F. M. Burkett, Mrs. Harold E. Doane, Mrs. Theodore Hagstrom, Mrs. Prentiss Hill, Mrs. Edward Mitulski, Mrs. Irma Nielsen, Mrs. George W. Tubb, Mrs. Harold Van Buskirk, Mrs. Alfred C. Alig, Mrs. Robert Stone, Mrs. Marlena Tullich, and Miss Margaret O'Brien. Members are urged to participate in this serie of games which will continue into the fall season.

Attend the Church of your Choice this Sunday; you will always meet your friends there.

Mrs. Don Watson Named As Prexy

Mrs. Donald A. (Evelyn) Watson of Arcadia has been elected president of the Pasadena Auxiliary of Boys Republic for 1973-74.

Mrs. Watson, a native of Paasdena, has been a member of the Auxiliary since 1959. Her husband is assistant professor of the architectural department of Pasadena City College. She succeeds Mrs. Herbert (Lorraine) Wievel of San Gabriel, who served the 1972-73 term of office.

Other officers elected to the Auxiliary board are Mrs. Wallace (Monida) Urquahart, La Canada, first vice president; Mrs. Ren (June) Meader, Arcadia, second vice president, assisted by Mrs. Robert (Carol) Henderson, Sierra Madre; Mrs. John (Bee Jay) Paulsen, Altadena, third vice president, Mrs. Russell (Dorothy) Holowell, Sierra Madre, treasurer; Mrs. Margaret Kliebert, Los Angeles, assistant treasurer; Mrs. George (Esther) Wilson, Pasadena, corresponding secretary; and Mrs. Eugene (Madge) Malone, Sierra Madre, recording secretary.

The committee chairmen named were: Mrs. Robert (Madeleine) Ross, auditing; Mrs. R. C. (gi) Heller, contact; Mrs. George (Esther) Wilson, correspondence; Mrs. Joseph (Joan) Borton, donors file; Mrs. Herbert (Gita) Porter, records; Mrs. Leicester (Wilda) Yates, hospitality; Mrs. Herbert (Loraine) Wievel, nominating and projects; Mrs. Penny Kneisel, publicity; Mrs. G. H. (Eleanor) Foster, rummage; Mrs. Stanley (Dena) Coop, supplies; Mrs. Theodore (Helen) Paxon, parliamentarian, and Mrs. William (Dottie) Gilespie, sorting.

The Pasadena Auxiliary has helped provide funds for Boys Republic for more than 60 years. The principal source of these funds comes from "The World's Biggest Rummage Sale," which it conducts twice a year at the Pasadena Civic Auditorium.

'Correct Care Cuts Clothing Costs' Says Pantorium Drive-In Cleaners

Moths and silverfish lie in wait for clothes stored caredessly says Pantorium Drive-In Cleaners, in giving some valuable clothing care tips to lower living costs.

Makes no difference whether the cloth is wool or not, not, says the dry-cleaners, any fabric bearing food or dirt spots is delicious to the gamboling vermin. Cleaning before storage may save the price of the garment about to be eaten.

Getting the most from the wardrobe dollar also requires brushing off lint and dust and storing the garments on shaped hangers. The cleaner's wire hanger is not meant for long periods of storage, says Pantorium, and suggests binding together two or more wire hangers if a formed hanger is not available. All closures, whether buttons, snaps, hooks and eyes or zippers, should be fastened to keep garments well shaped.

Final rule for summer storage calls for plenty of breathing room for the clothes — at least enough space to keep garments from being creased by crowding. They should also be separated according to color with white or light garments kept apart from dark colors to avoid any transfer of dye or color.

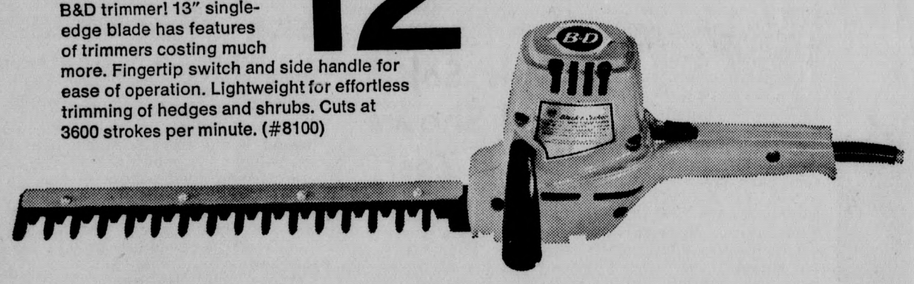

Rearranging closet storage may also serve as a reminder that clothing donated to charities is deductible. Many families fail to realize the value of donated clothing can be quite substantial.

The Institute suggests the donor prepare an itemized list of the clothing along with an estimate of current value and ask the charity to sign a receipt for the amount. If in doubt about a garment's value, most drycleaners will be happy to appraise its worth.

Engagement Of Pamela Mankin To Robt. Hipperson Told By Her Parents

MISS PAMELA MARYELLEN MANKIN
. . . . To Be Married

Mr. and Mrs. C. L. Mankin recently hosted a buffet supper announcing the engagement of their daughter, Pamela Maryellen Mankin and Robert D. Hipperson, Jr. son of senior Mr. and Mrs. Hipperson of Hawaii.

Pam is a 1971 graduate of PHS and attended PCC. The Mankins have resided in Sierra Madre for 19 years and Mrs. Mankin ("Flo") has owned and managed the Fashionette Beauty Salon for ten. The young bride-to-be is the granddaughter of Mrs. Mary Mankin of Sierra Madre.

Robert's parents make their home in Ewa Beach, Hawaii where Robert attended James Campbell High School. He served with the USAF from 1968 to 1972 as a munitions maintenance technician in Southeast Asia. He is presently employed with Emery Air Freight at Los Angeles International Airport while study for his degree in electronics.

Among the relatives and close friends attending the engagement party honoring the young couple were: Mr. and Mrs. Jan Drenthe; Mr. and Mrs. Rudy Hashimoto; Mr. and Mrs. Justus Sutton; Mr. and Mrs. Keith Mankin (Pam's aunt and uncle); Mrs. Warren Smith; Mr. and

Girls' League Continues Play

Girls' Softball Leagues are still very active and enthusiastically played with the Pink Panthers in the Junior League away out in front with seven wins and one loss while the Tigerettes trail the league with two wins and five losses. The balance of the five teams show fairly well evenly matched teams with interesting play each time they meet.

In the Senior division the Blue Jeans are well out in front with five wins, one loss and one tie game with the Magnificent "13" trailing the league with two wins and five losses. All teams when in play give interesting and enthusiastic play. The standing as they were on Friday, July 6, are as follows:

Juniors

	W	L
Pink Panthers	7	1
Yellow Hawks	5	3
Road Runners	4	3
Blue Jays	4	4
Green Hornets	3	5
Sandpipers	2	6
Tigerettes	2	5

Seniors

	W	L	Tie
Blue Jeans	5	1	1
Puppy Farm	3	3	1
Magnificent '13"	2	5	
Royal Blue	3	4	

4th of July

To the children along the parade route Cal Worthington's elephant "My Dog Spot" was a high point of excitement, as were the fire department's big trucks with with their red lights and sirens.

The parade also contained many many youths as participants in one of the many local youth programs, Boy Scouts, baseball teams, church groups, etc.

To long-time participants they expressed the opinion that the viewing public has been increasing steadily over the past years. And the those viewing the procession state there is no doubt whatsoever that the parade is growing in size and variety.

Senior Citizens Camp In Mtns.

Good food, fun and fellowship will be featured at the eleventh annual summer camp for senior citizens to be held in the San Bernardino Mountains in July.

Baxter Ward reports that the camp, sponsored by the County Department of Senior Citizens Affairs, will offer arts, crafts, sing-alongs and discussion groups. Emphasis is placed on an invigorating experience in both mind and body, and hiking, fishing and swimming are also available.

Ward said that the first session will run from July 24 to 27 at a cost of $22. The second session will begin July 27 and close July 31 at a cost of $28. Lodging will be in Alpine-type buildings.

Fare for round-trip transportation is an additional $6, or campers may drive to the conference grounds which are located 10 miles east of Redlands.

For further information and reservations, senior citizens may call Carnella Barne at the County Department of Senior Citizens Affairs, 385-4221.

Mrs. Barnes urged all seniors to contact the department immediately as reservations are on a first-come basis.

Fire Closure

closure.

Fire Chief Brown requests the full cooperation of our resident with the fire closure regulations and states he hopes it will not be necessary this year to issue as many citations as last year, which resulted in penalties against local residents. Voluntary compliance is much easier on everybody.

Two Programs For Bicyclists Ready

Two programs of interest to bicyclists will be presented this month by the Pasadena Department of Recreation. A bicycle safety program will be offered at 2 p.m., July 10, 11, 12, 13, and 16 on various playgrounds and a bike race will be held at 10 a.m., Sunday, July 15, in the Rose Bowl parking lot, west side.

Bicycle Safety will enable you to have your bike checked for mechanical defects, take a safety quiz and obtain a bike license — all free. It is co-sponsored by the Pasadena Police Department, the Automobile Club of Southern California, and the East Pasadena Optomists. Playground leaders will also set up bike races or games. Locations are: July 10, Jefferson Recreation Center; July 11, Allendale Playground; July 12, Washington Junior High; July 13, Victory Park; July 16, Eaton-Blanche Park.

The bike race will cover a half-mile course. It is co-sponsored by the National Bicycle Race NABIR), an organized bike race program for recreational cyclists. Participants will be divided into the following age groups: 10 to 12, 13 to 15, 16 to 18, 19 to 29, 30 to 39, and over 40. A 50-cent fee will be charged.

Sign-ups may be made the day of the race. For more information, contact Tod Forbes, 793-9177, ext. 14.

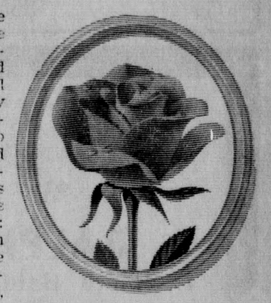

Neighbors . . .

Governor Reagan's tax refund, reduction, and reform program gained the support of the California Real Estate Association June 30, when the board of directors of the 66,000 members organization voted to support the initiative, which recently qualified for the ballot November 6.

Airman Richard Brown recently spent a few days on leave from the Air Force Base in Mountain Home, Idaho, with his parents, Fire Chief and Mrs. Charles Brown. "Richie" is a part of the fire protection force at the Air Force base and participates in protecting both the base buildings and aircraft stationed there. He had to fly back on Sunday.

ADVERTISE IN THE SIERRA MADRE NEWS IT'S PERFORMANCE HAS BEEN PROVEN

When care means everything

There are times when care, and care alone, means everything.

That's why at Rose Hills we are not just another mortuary. We stress the importance of care and understanding above all else.

It was a care for beauty that led to the creation, more than a half century ago, of the world's most naturally beautiful memorial park.

It was an understanding of people's needs that led us to establish a mortuary. We offer every needed service — mortuary, cemetery, chapels, flower shops, mausoleums and crematory — all at one convenient location.

Care . . . and understanding. At Rose Hills, we think they mean a lot.

Swim Team

Steele received a sixth place trophy in the 7-8 50 meter freestyle (49.4).

Two relay teams captured trophies. The 7-8 group composed of Keme Oden, Joan Steele, Scott Beggs and John Merryfield won a third place and the 11-12 group with Kathy Latiolait, Linda Seibert, David Beggs and Scott Bichel earned a second place. Heat winners included Shealeen McIntyre (13-14 breaststroke). David Beggs (free))and Randy Perrine (back) both in the 9-10 category, and Jim Banis (back) and Scott Beggs (breaststroke) for the 7-8 years old.

Sierra Madre was one of 35 teams competing in the Arcadia "Red, White and Blue" Invitational where Linda Seibert again broke a meet record, setting a new record of 27.0 seconds in the 50 yard freestyle. She earned a second place trophy in the individual medley, a third place in the 50 yard breastroke (38.0) and a fourth in the 50 yard back (35.7). Kathy Latiolait won a sixth place trophy for her 39.0 seconds in the 11-12 50 yard breaststroke.

In addition to heat ribbons, tee shirts were also awarded to the heat winners at the Arcadia meet These included: Shealeen McIntyre (50 yard breaststroke) and Ray Foss (50 yard fly) in the 13-14 category; David Beggs (9-10 50 yard free) and Joan Steele (25 yard free) and Scott Beggs (25 yard free and 25 yard back) in the 7-8 age group. Miss Steele was also the lucky winner of a stop watch.

Also participuating in these meets and greatly improving their times were: (7-8) Darren and Deane Perrine and Robert Steele; (9-10) Sharon Merryfield, Susie Adams and Owen Perrine; (13-14) Matt Brown.

Important Ordinances

Two Ordinances were presented to the City Council at its regular meeting of Tuesday, July 10, they being Ordinance 899 and proposed Ordinance No. 900.

Ordinance 899 alludes to the change in the City Code in rsepect to the throwing of advertising matter, littering and signs.

The new ordinance eliminates newspapers of General Circulation and adjudicated as such under the Statutes of the State. The Ordinance further deals with the painting, marking or fastening of signs on City property.

The Ordinance, when and if passed, carries a penalty of $500 and 6 months in jail, both or separately.

This being an ordinance that will stand up in the courts as explained by the City Attorney, the City Council ordered the first reading by title only. The second will take place on July 24 and become law on August 24.

The proposed Ordinance No. 900 is the Ordinance alluding to the R-3 properties and having been returned to the Planning Commission for further consideration and on to the City Attorney for final drafting, and was presented to the Council in form of continued hearings which had been opened on June 12 and continued to this date.

After completion of the hearing the Council ordered the ordinance tableed until the first meeting in September, when examples may be presented.

The Conditional Use Permit emergency Ordinance expires on September 27.

Summer Day Camps Slated

A Summer Adventure is the theme for Sierra Madre Parks and Recreation Department's summer day camp program. Billed as two week excursions into the varied worlds of Nature, America, The Sea, Outer Space, The World, and Animals, an emphasis has been placed this year on experiences which encourage personal growth and development. On going activities include horseback riding, hiking and nature study, sports activities, arts and crafts of an unusual nature, and cookouts. Also included are daily swimming lessons suited to each child's level of

A unique feature, which is new to the program this year, is a special field trip each session, to some Southern California attraction which coincides with the session theme. Field trips will be made to the Los Angeles County Arboretum, Wildlife Park, Disneyland, Cabrillo Beach Museum and Tide Pools, Griffith Park Planetarium, China Town or Little Tokyo and the Los Angeles Zoo.

The free for each 2 week excursion is $25. Sessions are from 9 to 1 p.m. or 1 to 5 p.m. Age groups are 5-6, 8-9 and 10-12 years. The next excursion begins on July 16, however, sign-ups will be accepted at any time. Anyone desiring more information may call 355-2355.

Robert A. Heasley

years as Police Sergeant and having received many commendations from the citizens of the community and the Chiefs of Police for whom he worked, and citations from other law enforcement agencies for outstanding and meritorius service, the City Council officially accepted his retirement effective on July 27, 1973 and gave him and his wife, Jeannette, wishes for enjoyment and happiness in their retirement and new community.

Girls Soft Ball

other individuals who purchase booster tickets will have an opportunity on July 29, to possibly be awarded a trip to Las Vegas including three days and two nights at the Fremont, a cordless electric grass shears and a round trip to Catalina.

A variety of invitingly appealing prizes will also be distributed on the 29th to girls who have been top performing salespersons. These are being made available through the generous support of area merchants and include a $10 gift certificate, a long play record, a case of White Rock Soda, sleeping bag and pillow, case of soft drinks, tennis racket, admission and rides for two.

It's understandable why next in importance to Captain Nasmyth's visit to own most softball girls are thinking booster sales.

Water Projects All Going As Planned

Proceeding with the plans for the reconstruction of the Water System as ordered by the voters in the 1972 Bond Project, Bernard P. Westkamper, Public Works Administrator requested that the Council authorize him to advertise for bids for Project 91-4978, that being the next project in line, and the installation of an 8 inch water main for Ramona Avenue.

The Engineer's estimate on the project was $42,450. Having heard the request the Council at its meeting of Tuesday, July 10, authorized the call for bids to be opened and presented at the regular meeting of Tuesday,, August 14.

Also in the area of the Water Projects, the Director of Public Works recommended that the firm of William H. King be authorized to prepare plans, specifications, review and approve shop manufactured items and inspection during construction of Project 91-4973, that being Switchgear Reconstruction for the booster pumps and wells at City Yard. The Engineering costs were presented not to exceed $2,900.

The total estimated costs were set at approximately $45,900. Council delayed the item for an EIR Report.

Further in the area of the Water Bond Project, the Director of Public Works, having prepared and presented charts regarding the Mira Monte Reservoir Roof, recommended to the City Council that concrete should be used in the construction of the roof

Comparisons of wood, steel, aluminum and concrete, respectively show the estimated costs to be $77,000, $74,000, $84,000 and $123,000 which is for demolition, construction, engineering, materials testing, geological examination and final inspection.

After complete review of the subject with regards to noise, stability and convenience the City Council ordered the matter tabled to confer with Paks & Recreation for their ideas an multi-purpose use.

ACROSS FROM THE FLAG POLE IN SIERRA MADRE

Letters To the Editor . . . .

Dear Editor:

The following is a copy of a letter sent to the president of the board of directors of the Rapid Transit District.

Dear Dr. Topping:

A few weeks ago at an RTD Preview for public officials of this area, the cost of the rapid transit program (or size of the bond issue) your people proposed was to be either 3 or 5 billion dollars. Mr. Gilstrap said he was uncertain as to which would be final, but indicated the difference in dollars was due to a difference in route miles.

A few days ago the size of this project went up to between 6.5 and 7 billion dollars.

I do not know on which set of figures your group will settle — but I hope I can persuade you to reconsider its application. By this, I mean simply that I feel it is wasteful folly to expensively duplicate any existing rail line.

Instead, I urge that you start using the rails that are there now, adding double-track and signals and overpasses as required — without ripping out more homes and businesses where rails already exist.

Then, if the public agrees with you on the need for a bond issue, use new money for new routes, including a tunnel through the Santa Monica Mountains to carry San Fernando Valley passengers to new lines along the South Bay.

The Environmental Protection Agency is not going to allow this community the luxury of waiting until your bond issue passes, plans are drawn, routes are cleared, construction begins, track is laid, stations installed, equipment tested, and finally the line is opened for business —about 1986. That's a long and cruel wait.

And it is especially unfair to these citizens when you consider that by simply coming to a decision, you could move toward gaining trackage rights on any of the three existing main line

I know that you and I have talked about lack of double-track, signal problems, bottlenecks at Taylor Yards, and a need for more grade-crossings. But these problems can be overcome — more rails can be laid alongside existing tracks, Taylor Yards can be bypassed, and any existing rail line has far more grade separations already built than any line still on the drawing board.

The legislature is considering a shift in gas tax money for the RTD. It would take twenty years to get enough money saved for a 3 billion dollar project. Twice as long for your fancier plan.

But the rate of $150 million per year in gas tax money here could do a lot on a pay-as-we-go basis to use and expand existing lines — and give the railroads a profit as well.

I am sending copies of this letter to the other RTD Board members as well — I hope I can encourage all of you to consider the immediate alternative: seek Interstate Commerce Commission approval of an intent to condemn all Southern Pacific lines in Los Angeles County. This would provide the access that you need to these lines. Then you immediately could allow the railroad to continue all of its present operations, while you set about the development of a system to work into their schedules a multi-route operation that could begin operating within six months. And pay the railroad so that you would be welcome guests. Pay three ways — for trackage rights, for each car carried, for each passenger carried.

And use your bond issue money on new lines in the other directions that people will want to go.

I hope you and the Board will reconsider your plans.

— Baxter Ward
Supervisor

Small Business Workshop Set For Los Angeles

How much money do I need to start a small business? What licenses should I buy? Which figures enter into a profit and loss statement?

Questions such as these will be discussed at a free all-day workshop for new and prospective businessmen and women on Monday, July 9.

Sponsored by the Small Business Administration, the sesssion will be held at the Los Angeles Police Auditorium at Parker Center, 150 North Los Angeles Street from 9:00 a.m. to 4:00 p.m.

Taxes capitalization management problems legal requirements, and business location will be among the topics discussed by local businessmen and SBA staff members.

A question and answer period will follow each speaker.

According to Edward W. Jenks, Los Angeles District Director, the program will focus on the problems common to newly established businesses, and explain the key factors necessary for success.

"The information presented will be of vital importance to new owners or prospective owners of all small businesses," he stated. "regardless of the specific type of enterprise."

Registration begins the morning of the workshop at 8:00 a.m. Prompt arrival is encouraged as near-by parkin is limited.

Further infomation can be obtained from the Small Business Administration, 688-2973.

Classes In Self-Defense, Physical Conditioning Offered This Summer

A variety of self-defense and physical conditioning classes will be offered this summer by the Pasadena Department of Recreation. Self-defense classes are now in progress at Marshall Community School, 990 N. Allen Ave., Pasadena, and will begin July 2 at Don Benito Youth Center, 3800 Denair St., Pasadena. Don Benito will also offer classes in weight-lifting and wrestling.

The next four-week session of karate and judo at Marshall run from July 2 to July 30. Classes meet 7 to 8:30 p.m. Mondays and Wednesdays. Anyone age seven or over may enroll. Fee is $12. For further information, contact Tod Forbes at 793-9177, ext. 14.

Co-ed self-defense classes at Don Benito Youth Center began at 7 p.m., Monday, July 2. Fee is $12 for eight lessons. The class is open to anyone between 8 and 20 years old. Registration may be made in person at Jefferson Recreation Center.

Weight-lifting classes will be held Tuesdays and Thursdays from June 26 to August 23. Beginners will meet from 7 to 9 p.m., and advanced students will be taught from 9 to 10 p.m. Wrestling classes will meet Wednesdays from June 27 to August 22. Beginners will meet from 7 to 8 p.m. and advanced students from 8 to 9 p.m.

There is no fee for either of these classes, which are for ages 12 or over. Instructor is John Yeager, three times Hawaiian AAU wrestling champion. Registration may be made at the Youth Center.

For further information on programs at the Don Benito Youth Center, call Nancy Warschaw at 793-9177, ext. 6.

College

A modern drama class is now open for enrollment at the Pasadena City College Community Adult Training Center, (CATC) 1450 North Lake Avenue in Pasadena, Room NI.

The class, held from 7 to 10 p.m. Thursday evenings concentrates on improvisation and readings to help students better understand modern dramatic literature.

Enrollment is open for this non-credit course and the public is encouraged to attend. For further information please call CATC at 798-0756.

Are You Operating Your Business Under A Fictitious Name?

If So You Must Re-Register it Now! See News Article Below

New Law in effect:

A prediction that 300,000 firms doing business in California under fictitious trade names will re-file under the new fictitious firm name law was made this week by William G. Sharp, county clerk of Los Angeles County. Sharp is chairman of a committee of county clerks which has been preparing procedures for the new statute.

The new requirement for re-filing of all firm names goes into effect July 1, 1971, but Sharp said the filings will be accepted by the county clerk's offices beginning Monday, and he urged early filing in order to avoid the rush just before the July 1 deadline. The filing fee under the new law will be $10. Filings must be renewed hereafter at five year intervals.

The Los Angeles county clerk also pointed out that the historic publication requirement has been continued under the new law and that publication of the statement once a week for four successive weeks in a newspaper of general circulation in the neighborhood of the affected business is required whenever there has been any change in the information contained in the certificate previously filed. Publication will not be required in instances where there has been no change in the information carried in the old certificate.

A fictitious name, Sharp pointed out, is one that does not include the surname of the operator or one that implies the existence of other owners; or, if a corporation, if it includes a name other than the name given in the articles of incorporation.

The purpose of the fictitious business name procedure is to protect the consumer in enabling him to find out the person with whom he is really dealing, Sharp said. If he has been defrauded by the "John Doe Television and Time Clock Repair Shop" and the shop is really owned and operated by "Richard Roe" or the "East Ganawanda Land and Farming Corporation," the consumer can find in the fictitious name statement information for bringing suit for damages. The procedure provides a ready source of information concerning identity realities obscured by fictitious business or trade names. Most banks now require evidence that the fictitious filing and publication requirements have been met before they will open an account under a fictitious name.

The office of each county clerk will furnish forms required by the new law or information and forms from this newspaper.

Sections 17900-17930 of Business and Professions Code in Effect Jan. 1, 1971*

Refiling Dead-Line July 1, 1971

County Clerk's Filing Fee is $10 for Re-Filing or New Filing*

Publication Charge Will Be $23.00 If Publication Required.

*Old civil code sections prevail in part until July 1, with filing charge of $2.00. Only a single publication required for interim $2 filing and for the prospective $10 refiling.

Today's Investor By Thomas E. O'Hara

Chairman, Board of Trustees
National Association of Investment Clubs

Q. I am 15 and have received some money I would like to invest. I figure I won't need it for ten or 15 years. My uncle says I should put it in a good growth company since in that kind of company it likely will increase in value substantially by the time I want to cash it in.

A. — Your uncle's philosophy is good, but I would argue with the particular company he has selected for you to invest in, and I would also suggest a little diversification. Companies which are growing faster than our economy have proven through the years that the odds are good that their stock will increase in value at pretty much the rate their sales and earnings are growing. The problem is how do you identify a company that has grown and is likely to continue to grow. One of the most dependable guides is the length of time over which the company has produced increased sales and earnings. The company which your uncle has suggested you put your money in has grown very rapidly, but only for two years. That is a short track record.

I would suggest that you require your growth company have a record of increasing sales by an average compounded annual rate of 10 per cent for at least the past five and hopefully the past 10 years. I would also suggest that you divide your money equally between three different companies that have appeared in our monthly magazine, "Better Investing," which you might go over with your uncle.

Q. — I have just become treasurer of my investment club which is three years old, and I have discovered the club has never filed a tax return. Most of our income has been dividend income. What do I do now?

A. — I'd file tax returns as soon as you can prepare them. Your club is probably a partnership, and the tax will be paid by your members rather than by the club. You indicate the money involved is under $400. If that is spread out over three years and divided among each of your members, it won't affect their taxes very much. As your club grows, your income will continue to increase, and you should see that your tax returns are filed promptly. The National Association of Investment Clubs, Royal Oak, Michigan 48068, has a manual at $3 which gives instructions for computing your club's taxable income and filing your return.

Q. — I am 76 and am debating putting $10,000 into a life annuity. The salesman says I should buy a variable life annuity because when the stock market goes up my payments will increase. I am more worried about what would happen if the market went down. Do you think this variable life annuity would be a wise purchase for me?

A. — I do believe that over a period of time we will see higher stock prices; however, at your stage of life I think it is more important to be as free from worry as possible. If you wish to purchase a life annuity, I'd suggest you stick with one with a fixed payment schedule anl skip the variable type.

* * *

Mr. O'Hara welcomes your questions, but will answer them only through this column. He would be pleased to send a complimentary copy of "Better Investing" Magazine or information about Investment Clubs to any reader requesting it. Write: Today's Investor, P.O. Box 220, Royal Oak, Mich. 48068.

College

Major changes in California laws which affect women will be discussed at a UCLA Extension Summer program, "The Legal Position of Women in California," meeting on Thursdays, July 12 to August 9, 7:30 to 9 p.m., in Conference Room G-33, UCLA Extension Administartion Building, 10995 Le Conte Ave. in Westwood.

New marine scientific and engineering technology, developed to meet the growing demand for proper planning and management of our ocean and coastal ecosystems, is the focus of a short course offered by UCLA Extension in mid-July on the UCLA campus. Titled "Planning and Engineering in the Marine Environment," the class will meet Monday through Friday, July 16 to 20, 8:15 a.m. to 5 p.m., in Room 5704 Boelter Htll.

IRS Reports On Freeze Checking

In the first week of freeze price verification by the Internal Revenue Service in Southern California, Investigators have made more than 1,000 compliance checks which revealed that a majority of sales have not yet fully complied with Economic Stabilization regulations.

Most of the infractions have been found among smaller business concerns which are not prepared with freez price lists and information posting.

"Our Stabilization Agents are continually in the field to enforce the freeze regulations," Barry Rans, IRS Stabilization Manager, stated. "We are urging public cooperation in our compliance effort, and want to assure consumers that prices above the freeze level are not being charged."

Since midnight last Sunday, all retailers, wholesalers and manufacturers have been required to make freeze price information available on request. Most major retail outlets and chain stores have been fulfilling this requirement, the IRS said.

"Those instances of violations which are not immediately corrected can result in remedial orders being issued and penalties of $2,500 or $5,000 for criminal violations, can be asserted for each violation," Rans said.

IRS Stabilization telephone lines are open six days a week in the greater Los Angeles Area to deal with questions and complaints regarding the price freeze, according to Rans. Hours are from 8 a.m. to 4:30 p.m., Monday through Friday, and 9 a.m. to 1 p.m. on Saturday.

The number to call is: Los Angeles Metropolitan (213) 688-4320.

"I never expected to see the money again..."

Dear Better Business Bureau,
This form was returned to me together with a check for $100.00. Everything is "squared away" now and thank you so much.
I never expected to see the money again even after contacting the bureau about it. Everyone concerned did such a fabulous job—all seemed so willing to help. I know you all are so very busy with all kinds of complaints. The secretaries who I spoke to on the telephone were most cooperative and very kind.
It has been a pleasure doing business with you.
Sincerely,
John J. Mascher
Wilmington, Delaware

The Better Business Bureau has one job only; to help you get your money's worth.
That's why we make it our business to know as much as we can about as many businesses as we can. We can tell you what to look for . . . and look out for . . . in many products and services. We have information, too, on stores and businesses.
And as the letter above testifies, we'll help *after* you spend. With any product. Or service. We don't always succeed, but we always try. When you're unhappy, it's bad for you *and* for business. No one knows that better than the businessmen who support the BBB.

SPEAK UP.
Call your Better Business Bureau.
Helping you get your money's worth.

Letter To the Editor

Dear Editor:

On Sunday last, Leonid Brezhnev spoke to the American people. The media had carefully created in him the image of a Funny Little Man from Moscow, who spilled his drinks and embraced male Americans with abandon. But Brezhnev is no funny little man. A lurid past has brought him to the top of the heap. General Secretary of the Communist Party, with direct and absolute control of the infamous KGB — the Soviet Secret police!

Brezhnev and our President obviously had met to work out ways for the American governmentto expand its support of the Communist tyranny. From those nefarious schemes you and I will emerge — to borrow a phrase — ill-housed, ill-clothed, and ill-fed.

Consider the following. In the Chicago Tribune for April 18,1970, Frank Starr, Chief of the Moscow Bureau for the Tribune News Service, reported:

"The Russian people are entrusted with a historical mission to lead all humanity to communism, the highest civilization, Leonid Breznev said today. They are fully resoved to fulfill that mission to the end, he asserted . . .

"In a short speech, his third in four days, he assured his listeners and the nation that communism will eventually win 'a full and final victory' throughout the world.

"That mission was entrusted to us by history itself, bequeathed to us by Lenin. And our people, our party, is resolved to fulfil it to the end,' Brezhnev said."

Lenin died in 1924. But before he died he had laid down for his followers the strategy for this conquest. It was brilliant, farseeing, realistic, and majestically simple. It has been paraphrased and summarized as follows: "First, we will take eastern Europe. Next, the masses of Asia. Then we shall encircle that last bastian of capitalism, the United States of America. We shall not have to attack; it will fall like overripe fruit into our hands."

— Dorothy Walden

Dear Editor:

We have not been told the contents of the many dangerous agreements signed last week by Mr. Brezhnev and President Nixon. But it becomes obvious that by the use of trade, the American economy is being deliberately caused to become more and more dependent upon decisions made by Communists.

The Soviets have been bailed out by the Free World innumerable times. But there is a very special irony in this latest give-away by the Administration. Syndicated columnist Ernest Cuneo pointed up this irony in his column for May 29, 1973, observing: "There can be no doubt that the Soviet economy is in bad shape, particularly agriculture. There can be no doubt either, that Moscow traded the pants off Washington in the great heralded Wheat Deal. There is little doubt, either, that American assisttnce is pulling Russia out of a sticky domestic situation. This current view was expressed as early as 1963, when President John F. Kennedy wanted to sell wheat to Russia. Said the speaker:

"'I think this will turn out to be a major foreign policy mistake of this administration, even more serious than fouling up the Bay of Pigs. What we are doing is subsidizing Khrushchev at a time when he is in deep conomic trouble. This will allow him to bring economic pressure on his satellites. He now has a weapon he didn't have before. It pulls his economy out of a very great hole and allows him to divert the Russian economy into space and military activities that he otherwise would have to keep in agriculture.' The speaker, as quoted in the New York Times of October 9, 1963, was Richard M. Nixon."

In 1920 Lenin declared: "I am convinced that Soviet might will catch up with capitalism and will overtake it . . . Instead of using guns and tanks we will wage an industrial war . . . and as soon as we are strong enough to overthrow capitalism, we shall seize it by the throat."

Why is Richard Nixon now so anxious to help fulfill this prophecy??

—Carol Broussard

Sierra Madre Man Retires As Treasurer

ies to Chief Deputy Treasurer, and on December 27, 1963 was appointed by the Mayor as treasurer of the City of Los Angeles.

His affiliations are many, and he is an active member of the following: Municipal Finance Officers Association of United States; California Municipal Treasurers Association; Optimist Club of Civic Center; and the Masonic Lodge No. 814, Plaza de Los Angeles. He is past president of the Finance Officers' Department of the League of California Cities; a former member, Finance Administration committee of the League of California Cities; a member, Legislative Committee, California Municipal Treasurers Association; chairman, two terms, Supervisory Committee, Los Angeles, City Employees Federal Credit Union; Treasurer of the Los Angeles Memorial Coliseum Commission; Treasurer of the Pueblo de Los Angeles State Historical Monument Commission; Treasurer of the Los Angeles Convention and Exhibition Center Authority; Treasurer of the Los Angeles Parking Authority; and Treasurer of Greater Los Angeles Community Action Agency.

Mr. Shadforth is married to the former Kathleen Pulling of Sierra Madre. Both are known for their participation in community and civic affairs, especially the Friends of the Sierra Madre Library. They have two children, born and raised in Sierra Madre, Margaret "Peggy" Heinz and James. Peggy and her husband, Thomas make their home in Denver, Colorado. They are presently on an extended honeymoon in Europe and were unable to attend the retirement reception. However, the Shadforth's son, Jim, a junior at the University of California at San Diego in La Jolla was present at the event honoring his father.

College

Three political science courses, ranging from world politics to the American presidency, are offered by UCLA Extension during July in Bunche Hall at UCLA. "World Politics," an introduction to recent and contemporary international relations, meets Monday and Wednesday for 12 meetings beginning July 30, 7 to 10 p.m. Major themes, incluuding race, revolution, and neocolonialism, will be covered by the instructor, Otwin Marenin, assistant professor of political science at California State University at Northridge.

The historical elements, philosophical contexts, original scriptures and methods of practice of Oriental religions will be examined during a UCLA Extension late sumer course meeting Tuesdays and Thursdays, beginning July 31, 7 to 9:30 p.m., in Room 154 Social Welfare Building at UCLA.

Emma Meskell Laid To Rest

Emma R. Meskell, 87. of 1360 N. Michillinda, Arcadia passed away Friday, July 6 at Santa Teresita Manor. The eldely housewife had originally come from Connecticut and had lived in Atadena and this area for 63 years.

Rosary was recited for the deceased Monday evening, July 9 at St. Rita's Catholic Church and Mass was sung Tuesday morning, July 10th, also at St. Rita's Catholic Church. The Rev. Father Thomas J. O'Malley officiated at both services. Interment was at Resurrection Cemetery with Ripple Mortuary, Sierra Madre, in charge of all arrangements.

Survivors include: three sons, John E. Meskell, San Marino; George Meskell, Santa Ana; and Harry A. Meskell, Arcadia; a sister and three brothers, Mrs. Albina Bourque, Ernest, Arthur and George Chagnno, all of Meriden, Connecticut.

Added help is here for Pasadena City College veterans, war orphans and widows of veterans. For those who apply before August 1, advance payment for books and other necessities may be possible as part of a new law passed last October.

Employment Help Offered Veterans

Beginning now an continuing through July 27, veteran sevicemen and women, and those who will soon become veterans, can get assistance in obtaining gainful employment by registering at designated points throughout Southern California.

Veterans may register at any HRD, VA, or California Department of Veterans Affairs Office. In addition, those presently attending institutions of higher learning or vocational schools, who will soon be entering the job market, can register with the job placement office at their respective schools.

Letter To the Editor

Dear Editor:

As a consumer and an avid believer in the free-enterprise system, I urge all concerned Californians to do all they can to insure that AB150 is defeated in the California Senate. The purpose of this bill is to "allow" the State of California to assume responsibility for the development and enforcement of occupational safety and health standards under a state plan, pursuant to Section 18 of the Federal Occupational Safety and Health Act of 1970."

While all of us should be concerned about health and safety as they relate to employment, both the Federal and California Occupational Safety and Health Acts are designed more to destroy the free-enterprise system than they are to promote health and safety. They are part of a long-continuing program of government control and harassment. Proof of this statement can be found in the bill itself.

I have too many objections to AB 150 to list them all here, but following are just a few. First, the Federal OSHA law, which itself should be repealed, is made even more offensive under state jurisdiction. AB 150 will not give California control of health and safety of its citizens. It will merely "allow" California bureaucrats to administer the program as long as it remains equal to or more offensive than the Federal law. In short, tyranny is no sweeter nor less onerous because the Federal Government "allows" the state to administer the tyranny.

If the purpose of AB 150 were really to protect the health and safety of the workers, it would not have a provision which makes it unlawful to inform an employer when an inspection can be expected. AB 150 runs directly counter to the U.S. Constitution, for it states, "The burden of proof shall thereupon rest upon the accused to show that he has complied with such standards . . . ."

AB 150 should be defeated. If it is not, the current rise in prices and the shortages we have been witnessing will be nothing compared to what we will see. One can not continue to shackle the free-enterprise system and expect that same system to produce as before. It is like trimming all the branches off a fruit tree and anxiously awaiting the harvest.

— Jerome Anwinger

Dear Editor:

After studying the Federal Occupational Health and Safety Act, commonly refered to as OSHA, and California AB 150, a bill which would allow California to administer the Federal OSHA, I have come to the conclusion that both the Federal and state governments have overlooked a major cause of industrial accidents —the employees themselves. Apparently the Federal and state lawmakers became so involved with the employer's role in creating conditions harzardous to the safety of their employees that they overlooked the roll of the employee.

With this omission, I request that the Federal and state OSHA laws be amended to correct this oversight, by including the following (which would, of course, have to be written in more legal terms — not to be confused with confusing terms):

1. Any employee whose actions cause or could cause a condition hazardous to the health and safety of any employee, including himself, is subject to a fine in an amount not greater than the amount of the fine his employer would have to pay for creating that same condition. In the event that employee belongs to any group, association, or union whose purpose is the welfare of that employee, that group would be responsible for all fines assessed against that employee.

2. So that the employer would not have an unfair advantage over the employee or the employee's union, the person's name reporting a violation would not be divulged to the accused.

3. Any action of retribution (strike, walkout, harassment) against an employer as a result of his reporting an employee violation would be unlawful and subject to a fine in the same amout as the employer would have to pay for participating in similar action against an employee.

4. The burden of proof would rest upon the accused to show he had complied with the standards; i.e., he would be guilty until proven innocent.

If this sounds distatorial or tyrannical to the employee, simply remember that the above is already the law for all employers. Possibly the best solution after all is not to amend the OSHA laws but rather to repeal them all.

— Richard E. Woodin

Fly-Casting Final On Wed., July 18

The summer's final free fly-casting clinic will be held from 8 to 10 p.m., Wednesday, July 18, at the Pasadena Casting Pool. The clinic, co-sponsored by the Pasadena Department of Recreation and the Pasadena Casting Club, will be conducted by Russ Peak, a custom rod maker and fishing authority.

All aspects of casting, from basics to advanced techniques, will be covered. It is not necessary to bring equipment. The Casting Pool, located in Lower Arroyo Park, may be reached by entering the parking area at the intersection of Norwood Street and Arroyo Boulevard. For further information, call 793-9177, ext. 16.

Stanley Bickel of 693 Manzanita is among the handicapped young adults attending summer session at two resident camps owned and operated by the Crippled Children's Society. The young man started his vacation on Monday, July 2nd at Camp Paivika in the San Bernardino mountains and will return home, by bus, on July 14. The other camp is Camp Joan Mier and is along the seashore north of Malibu. Both are funded entirely by contributions to Crippled Children's Seals and each provide disabled children and young adults of Southern California with cost-free vacations over five two-week sessions.

Stanley is in the second session. This period will see many of the camp veterans attending, some who have been coming back each season for as long as 25 years. These senior campers have watched Camp Paivika grow from a small cluster of rustic cabins to the facility it is now, with swimming pool, horses, fire ring and contemporary design infirmary and dormitories. The camps are still expanding and building construction goes on simultaneously with the campers' outdoor programs. For children and young adults, as well, the goals of these specially constructed Crippled Children's Camps are to equalize disabilities in an atmosphere of safety and relaxation, bringing a full recreational experience to the handicapped.

Three young adults from Arcadia are attending this session also, they are Dhan Eugene Bateman of 1844 No. Santa Anita Avenue, Billie Ruth Green, also of 1844 No. Santa Anita Avenue; and Kenneth Pirkowitch of 6812 No. Ardsley Drive. They will be attending the Camp Joan Mier.

Out of the Cobwebs

Sixty Years Ago:
July 18, 1913

Fred H. Schwartz, assistant agent for the Southern California Edison Company at Long Beach is to be the district manager for Sierra Madre. He will succeed W. R. Neelands who goes to Venice to take charge of the important business of the company in that district.

What is a summer resort without a sheet of water? That is the reasoning of W. S. Collins, who recently purchased the Little Santa Anita Canyon. Having become so accustomed to the bay surrounding Balboa Island and seeing no chance to surround Carter's Camp in similar manner, Mr. Collins decided to have Carter's Camp surrounding a lake. Accordingly, work has been commenced on a lake and swimming pool to be located just below the office and store. Water will be supplied for the lake from the well and used in the irrigating system recently installed by Mrs. N. C. Carter. The whole improvement will be worked out on plans outlined by A. N. Carter previous to the sale of the canyon and which were to have been carried out this season had the property remained in the hands of the Carter family.

Mr. and Mrs. J. W. Keys accompanied by Miss Josephine Hodgkins of Los Angeles and Mr. Stockdale of Baltimore left on Wednesday for a delightful motor trip to the Yosemite Valley. They expect to be gone about two weeks and will also visit other northern places of interest.

Mrs. L. E. Jewett of Los Angeles will occupy her home this week on Piedmont Heights.

Mrs. N. T. Brown and daughter have returned from Santa Monica where they have been for a short time.

Mr. and Mrs. Frank J. Hart and sons of the Sierra Madre Viila are among the Sierra Madre people who are enjoying the summer at Balboa.

Church of the Ascension, the Rev. Dr. George H. Cornell, rector. Vested choir. Ninth Sunday after Trinity. Holy Communion, 7:30 a.m.; Sunday school, 9:45 morning prayer and sermon, 11 a.m. All cordially invited.

Mrs. T. M. Webster and children are enjoying a pleasant outing at Hermosa, where they will be for the coming month.

Forty Years Ago:
July 7, 1933

Four floats surrounded by members of the Sierra Madre Legion Post and its Auxiliary will represent this city in the great parade on the opening day of the California American Legion's State Convention to be held in Pasadena on August 14, 15 and 16.

Teachers who have been awarded contracts for the coming year are: Miss Elizabeth Steinberger, principal; Mrs. Yerda Appleby Adams, Miss Gladys Vera Ballard, Mrs. Zayda Fish Leonard, Mrs. Eva D. Moore, Miss Florence Claire Newman, Miss Mabel Linda Richter, Mrs. May Wood Schneeberger, Mrs. Ruth Taylor Gardner, Mrs. Mary Shepherd Wheeler, Miss Helen Wade Wones, Miss Florence Lusted, Miss Mary Pfahler, Mrs. Ellen Coll Barker, school nurse.

Five miniature paintings by Sierra Madre's noted miniaturist, Miss Ella Shepherd Bush, are included in the National Miniature Exhibition at the Century of Progress Exposition in Chicago.

Henry Neutzel of 124 East Alegria Avenue, spent the weekend at Surfside Colony.

R. Mahon and family, of Pasadena and Fred La Lone saw a mountain lion about eight feet in length on the Clam Shell fire break.

Kenneth Allen is enjoying a week's camping trip on the West Fork.

Twenty Years Ago:
July 23, 1953

Plans for the merger August 1, of Sierra Engineering Co. and the R. A. Hawks Co., both of Sierra Madre, have been announced by Richard A. Hawks, Sierra president. The new company will unite specialized skills and equipment, benefitting employees, customers and stockholders, according to Hawks. The merged company will retain the name of Sierra Engineering Co. and will carry on all the activities of both root companies. The board of directors will include R. A. Hawks, H. L. Daulton, Charles Brown, Arthur Ritterrath and Robert Green. Hawks will continue to serve as president and chairman of the board. Harry Daulton, Sierra secretary - treasurer, will serve as vice - president and treasurer.

Highway Users Add $9,648 To S.M. Treasury

State Controller Hugh Flournoy announced the distribution of $65,396,971 among the state, cities and counties as the June apportionment of highway users taxes.

Los Angeles County's share was $4,440,476.26, and Sierra Madre share was $9,648.77. A total of $16,035,478 went directly to the counties; $12,036,260 to cities; $37,295,233 for expenditures on state highways; and $30,000 to the Bicycle Lane Account.

The total apportionment was derived from the following sources: gasoline tax, $58,027,187; diesel fuel tax, $4,553,463; transfer from the Transportation Tax Fund, $2,813,814; and miscellaneous, $2,507.

The total available for the June apportionment was $616,800 greater than that for the prior month. The gasoline tax was $1,374,053 below the May figure. The diesel fuel tax was $1,035,588 more. The transfer from the Transportation Tax Fund was $954,435 higher than in May.

The distribution was $5,481,625 less than that for the same month last year. The June 1973 gasoline tax distribution was $8,157,427 lower than that for June 1972. The diesel fuel tax distribution was $2,720,096 above June 1972, and the transfer from the Transportation Tax Fund was $54,931 higher.

Pedestrian traffic deaths in the U.S. have climbed to an annual toll of 10,000 according to statistics. More than half are killed between 6 p.m. and midnight. Many of the fatalities are children who dart into the street from behind a parked car. When driving on residential streets, particularly near parked cars, reduce speed and be extra alert.

Letters Concerning To The Editor.

Dear Editor:

The foreign policy of the Nixon Administration, which advocates an ever-increasing theme of "peaceful co-existence," accommodation, and trade agreements with both Russia and Red China, is not a new foreign policy. It is a logical extension of the foreign policy of the past two Democrat administrations. Look at some statements which are the basis, not only for the Nixon Administration, but also for every administartion since at least 1945.

From the U.S. Arms Control and Disarmament Agency's Financial Report, "The Political Control of an International Police Force:" "Whether we admit it to ourselves or not, we benefit enormously from the capability of the Soviet police system to keep law and order over the 200 million odd Russians and the many additional millions in the satellite states. The breakup of the Russian empire today would doubtless be conducive to freedom, but would be a good deal more catastrophic for world order. . . ."

From a report to President Kennedy, entitled "Basic National Security," by Walt Rostow: "Rising tensions or pleas . . . . of the American public must be ignored in any crisis with Russia. The temptation must be avoided . . . to degrade or embarrass the Soviets in the eyes of the world."

A State Department communique, which was introduced into The Congressional Record on August 31, 1960, was revealingly entitled, "The United States Looks With Disfavor Upon Governments Unfriendly to the Soviet Union on the Borders of the Soviet Union."

In light of these statements, it is no wonder that our foreign policy is easing Red China into a position of prominence and respectability, while at the same time undermining Chiang Kai Shek and the Taiwan government. This policy will continue until every nation of the world has fallen to Communism, or until the United States Government decides to favor non-Communist over Communist governments. The latter will not take place until enough Americans demand that their government follow the same policy towards Communist dictatorship as we followed for the dictatorships of Japan, Italy, and Germany prior to and during the Second World War. It is important to remember that the attrocities committed by Russia and Red China make atrocities committed by Japan, Germany, and Italy pale by comparison.

— Richard E. Woodin

Dear Editor:

"The hopes of the world rest with us and I am confident we shall not disappoint those hopes.' Mr. and Mrs. America, this is a direct quote from your President to Mr. Leoned Brezhnev. Mr. Brezhnev answered the President by stating that he was ready to work hard to "justify the hopes of our people and serve the interest of a peaceful future for all mankind." I guess we are all supposed to sit back now and glory in the knowledge that our future will be secure.

Lest we forget the millions of human beings that have been slaughtered and enslaved in the name of 'communist peace,' lest we forget the war materials sent by Russia to North Vietnam that were responsible for the countless deaths of American fighting men, the massive aid and trade this country has provided the Soviet Union without one red cent in return, the 99 out of 100 treaty agreements the Soviet Union has broken, the total religious persecution in Communist controlled countries and the Communist Party USA with all its wretched propaganda and subversion within our country.

It is no shock to me that our government is playing 'footsie' with our supposed enemy, but what does shock me is that the American people either don't care or they have lost the moral courage to stand up and fight. I have heard people say, "I've seen him on TV and he doesn't seem like such a bad guy, he appears sincere about wanting peace." When are we going to stop believing 'words' and start looking at the 'record.'

The communists have said from the very beginning that true peace will come only when the communist conspiracy has taken over the world. This is their literal definition of peace. So, when you hear the word peace again spurting from the mouth of a communist or one of their many consymps, remember this and know of what they speak.

To honor Brezhnev, as our government has, is a disgrace. I hope some of you who read this will agree. And if you do, please let your voices be heard. For our sake, I hope President Nixon is wrong when he says the hopes of the world are in his and Brezhnev's hands. I don't know about the world, but it seems to me that the best place to put the hopes of this country are in the hands of Almighty God and the American people.

— Diane D'Evelyn

P.S.: I realize this is a long letter, but I hope it can be printed in full. It only seems fair after all the coverage given the other side.

When planning a summer vacation, check expressway entrances and exits to avoid last-minute confusion. Move into the turn-off lane well in advance by noticing the exit before the one selected to leave the expressway. Decrase speed rapidly once in the deceleration lane, but not while on the expressway. Miss an exit? Go on to the next one.

Cobwebs

Pam, daughter of Dr. and Mrs. Milton W. Walois, 51 E. Bonita, recently celebrated her ninth birthday at a Hawaiian party. The young guests received leis and fans as favors. Among those attending were the guests of honor's two sisters, Renee and Resa, Ann Sweet, Mary Ann Feichtmann, Sue Ellet, Linda Herrold, Babs Winslow, Kathie Swartz and Jill Johnson.

Professor and Mrs. Earle H. Anderson, 354 N. Lima, and their children, Judith, Dan and Richard, will leave tomorrow on a six-week concert tour of the north and middlewest United States and Canada. All members of the musically gifted Anderson family, with the exception of Richard, will take part in the concert. Professor and Mrs. Anderson are singers; Judith a pianist, and Dan, a violinist. Professor Anderson is a teacher of voice at the Pasadena Nazarene College.

John Dean's Presentation

White House's Political Enemies List Said Unfair

By Congressman Thomas M. Rees

John Dean's presentation of the White House's "Opponents List and Political Enemies Project" at the Watergate hearings has hit congressional Democrats like a bombshell. Many of us who assumed that we would be certified "political enemies" of the White House, who had done everything possible to be considered as such, did not make the list.

Nothing more damaging to Democrats has yet been presented at the hearings — how can we run for re-election as Democrats when we're not official enemies of the White House? What will happen to us in our party primary elections if our opponents are certified political enemies who have been investigated and harassed by the FBI and the IRS?

Apparently the White House is trying to destroy the vast majority of the Democratic congressmen by not putting us on its political enemies list. And the list is grossly unfair. It is discriminatory and probably in violation of the Civil Rights Act of 1964. It certainly does not come near to following the delegate selection guidelines adopted by the Democractic Party for their 1972 convention. For example, the list only contains six white congressmen out of the over 400 white members of Congress — but all the black congressmen are listed. If this isn't reverse discrimination, what is?

Eleven senators and three other politicians are listed. But the political enemies list really goes overboard on media people, academics, and businessmen. Columns and columns are listed in the newspaper report.

So what's going to happen?

What's going to happen is that every certified "political enemy," especially those in the media and academia because there are more of them, will be running against the poor non-certified Democrat congressmen in the Democractic primaries. This is how President Nixon is going to get even with all of us Democratic congressmen who have been voting against him for the last four and a half years.

To make this whole process of designating political enemies fairer, the President should establish a bipartisan commission and at least have an infomal set of ground rules listing the criteria for choosing political opponents. There should also be an appeal process so that those of us who were left off the list could come before the commission and make our case by clearly showing that we meet the criteria of a certified political enemy.

Sierra Madre Given $2,304.86 For 'In-Lieu' Tax

State Controller Hugh Flournoy reported distribution of $6,043,535 to cities and counties as the June apportionment of state-collected "in-lieu" motor vehicle license fees, making a total of $252,365,866 apportioned during fiscal year 1972-73.

Flournoy reported $1,024,538.81 was mailed directly to the County of Los Angeles. In addition, the City of Sierra Madre received $2,304.86 from the Controller's office.

The distribution represents the cities and counties shares of license fees and other revenues deposited in the Motor Vehicle Fee Account during May, 1973

The State excise tax at the rate of $2 per $100 of market value takes the place of local property tax on motor vehicles. Except for that portion withheld to cover administrative costs, the money is returned to local governments which may use their shares for general purposes.

Half of the total distribution went to the cities and half to counties in the proportion that the population of each city or county bears to the population of all the cities or counties in the state. Distribution is based on the 1970 Federal Census as adjusted to reflect new incorporations, annexations, special censuses and State Department of Finance estimates.

IRS To Offer Tax Courses

University of California Extension in cooperation with the Internal Revenue Service will present a new basic income tax course for practitioners at different locations throughout Southern California starting July.

This new course, Fundamentals of Tax Preparation, is a 12-week program intended to meet the needs of the tax practioner and his staff. It is designed to give participants instruction in the basic elements of the Federal tax laws. The course will enable participants to gain adequate background information to prepare them for the more advance courses to be presented by the IRS prior to the 1973 filing period.

Internal Revenue Agents will present the instruction. In addition to other material, a special student handbook has been prepared for the course by the IRS.

University Extension has scheduled classes at the following locations and dates:

Rosemead High School, Coral Room, 9063 East Mission Drive, Saturdays, 9 to 11:30 a.m., July 14 - September 29.

There will be an enrollment fee of $50 per person.

College Potentials

The Department of Theater Arts at UCLA cordially invites you to spend July with their summe company, a talented ensemble of young people from all over the country. The company will perform and assist in all areas for four plays. taking both stages in the Department's Macgowan Hall for performances every weekend in July. Opening the season on JJuly 5th will be a return engagement by popular demand of the musical "A Funny Thing Happened On the Way to the Forum," fresh from a three month USO tour of military bases in the Far East. "The Skin of Our Teeth," a Pulitzer Prize winning play by Thornton Wilder will take the main stage for four performances opening July 12, and "The Balcony," an intriguing work by Jean Genet will occupy the Little Theater stage for two weeks beginning July 19. Closing the season will be the Anthony Newley musical "The Roar of the Greasepaint, the Smell of the Crowd," playing four performances opening on July 26. The summer company performs Thursday through Sunday of every week in July. Season tickets and student price tickets are available. For reservations and further information, call 825-2581.

Neighbors . . .

Los Angeles County Assessor Philip E. Watson has urged Governor Reagan to declare the June 22 fire ravaged Rolling Hills section of the Palos Verdes Peninsula a disaster area. Watson explained that this declaration, and an accompanying ordinance enacted by the Los Angeles County Board of Supervisors, would enable the Assessor to grand property tax relief to persons whose nomes were in the path of the disasterous fire.

We can do more for you than any other bank.

(even if you can't find the scissors)

You see, we have more services than other banks. You won't use them all. But it's nice to know you're covered. The more important ones are described below.

Simplified monthly statement:
This statement simplifies balancing your checking account. We call it the Timesaver® Statement.

Three ways to finance your car:
Ask your auto dealer about our Auto-Magic Financing, the rock-bottom monthly payment plan. Or about leasing.

Then there's our regular auto loan. We've made more of them than any other bank in California. See your dealer or local Bank of America.

Personal Choice Checking and Savings:
We have four checking plans to choose from. And we offer many different savings plans. Our regular savings account gives you in-and-out flexibility. And our three new Investors Passbooks earn you 6½% annually for a two and one-half year account, 6% for one year, 5½% annual interest for 90 days, $500 minimum deposit.

BankAmericard:®
For everyday shopping convenience, special occasions or emergencies. Good throughout California, the United States and around the world.

More offices up and down the state:
No other bank can say that. Wherever you live or shop or work, you'll always find us close by.

SAVE UP TO $48 — PAY ONLY A $2 FEE FOR UP TO $5000 WORTH OF TRAVELERS CHEQUES — SAVE UP TO $48

Buy any amount of Bank of America Travelers Cheques up to $5,000 — pay no more than a $2.00 fee. For example, the normal 1% charge for purchasing $5,000 of Travelers Cheques would be $50.00. With this coupon—good at any Bank of America office in California—you would save $48.00.

Offer expires September 28, 1973.

Edison Lauds Favorable Decision On Nuclear Plants

Southern California Edison Company said today it is "highly gratified" at a federal judge's decision throwing out of court an attempt to shut down 20 vitally needed nuclear generating plants.

"Arbitrarily shutting down most of America's operating nuclear power plants at a time when the nation is facing a serious power shortage would have been an extremely serious — and completely unnecessary — setback for everyone," an Edison official commented.

U.S. District Court Judge John H. Pratt on Thursday, June 28, dismissed an action brought by Ralph Nader and a group called Friends of the Earth seeking an injunction to force the U.S. Atomic Energy Commission to revoke operating licenses of 29 nuclear plants — including the San Onofre Nuclear Generating Station, near San Clemente, Calif.

"The court acted wisely, and in the best interests of all citizens, in rejecting this attempt to close down nuclear reactors which have the best safety record of any industry mankind has ever known," the SCE Edison official said.

Edison and San Diego Gas & Electric Company, 20 per cent owner of San Onofre, had individually battled the Nader-FOE suit, as well as joining utility owners of the 19 other nuclear plants singled out in the May 31 complaint.

Part of Nader's charges were directed against the emergency core cooling systems of nuclear power plants a subject on which the AEC recently conducted 15 months of extensive public hearings and amassed 22,000 pages of expert testimony.

In its brief answering Nader, the AEC pointed out that "a substantial body of expert opinion," including the agency's own staff experts, the independent Advisory Committee on Reactor Safeguards, and experts performing research in AEC national laboratories, accepts the interim criteria now in force for emergency core cooling system (ECCS) "as providing adequate protection to the public health and safety."

Letters To the Editor . . .

Dear Editor:

To what new low has our Republic sunk when the President of our United States can treat like royalty one of the most infamous criminals of our time, Soviet Russia's Leonid Brezhnev? How totally immoral and stupid have Americans become when they can look at such an incredibly evil show as our President put on with this Soviet clown and deceive themselves into thinking that Leonid Brezhnev is really a rather nice chap after all?

Americans' memories are so short they are practically non-existent. Obviously we have completely forgotten that Brezhnev is one of the most ruthless murderers civilization has ever seen. Brezhnev has a record of close collaboration with Khrushchev which dates back to the thirties and the ruthless days of the Great Purge — the liquidation of more than a million Russians. This Purge has been referred to as a massacre — probably the greatest massacre in history. It was deliberately planned and executed, and the numbers killed have been estimated from several hundred thousand to several million men and women.

Think of it! Our President dining with, chatting with, meeting with a man who planned the mass murders of millions of people!

Of course, the Great Purge was only the launching of Brezhnev's bloody career, for he was an accessory in Khrushchev's deliberate, planned starvation of seven million Ukranians — men, women and children — in the late thirties. And if our memories can't possibly go back to the thirties, at least we could remember that today it is Brezhnev himself who has direct and absolute control of the infamous KGB — the Soviet secret police, which operates unroughout the world today. Just a reminder on how the KGB operates. To become a member of it, one must have his "doctorate" in ways of slow, diabolical, unbelievably horrible torture and murder.

That's the man our President has just welcomed with open arms into his own home and into our own country. And all this while Americans sit in their comfortable homes, comfortably "shocked" at the Watergate scandal, which is a scratch on the surface in comparison with the treachery, treason, and tyranny which have manifest themselves at the summit scandal. Truly Americans are making a "world gone crazy" when they can go about their daily business, let such a thing as this take place in their very own country, and have nothing more to say to their neighbor than "have a nice day."

— Beth Woodin

Dear Editor:

In its May 3, 1973 letter to the undersigned the Chamber of Commerce of the United States stated that Defense spending increased by 57 per cent between 1953 and 1973. They also stated that expenditures by he Department of Health, Education and Welfare increased by 13,519 per cent during the same period.

These facts are food for serious thought and should be brought to the attention of the public. There has been a serious misunderstanding in the minds of many of our citizens concerning these two areas of government spending, and it should be clarified.

— C. C. Moseley

Dear Editor:

Thank you for your kind consideration in regards to printing our story "Family Home Will Be Torn Down" Thursday June 28, 1973 (front page, lower item). However, we wish to make a correction. As we had understood that we would sell our LAND, but NOT our "home." At that time we were under the impressin that we had the jurisdiction to do as we wished with "our home," provided it would be removed on the set date. It appears now that we are now at the mercy of officials to tell us what to do with "our domain."

This is to clarify what could be a puzzling situation to your "reades." Thanking you again for your endeavors in our favor.

— The Paquette Family

Hikers, Campers Warned Of 'Fire Closure' Rulings

Sierra Madre Fire Chief Charles Brown announces, in conjunction with surrounding foothill cities and the Angeles National Forest Supervisor William T. Dresser that "Fire Closure is now in effect."

The fire closure of the high value, high fire hazard areas of the Angeles Forest and those areas directly below were effective as of July 1. The fire closure areas which will be closed to the public are located in the National Forest watershed areas immediately adjacent to the foothill communities of La Canada, Altadena, Sierra Madre, Monrovia, Arcadia, Duarte, Azusa, Glendora, San Dimas, La Verne, Claremont, Upland and Ontario.

"The closure will remain in effect until the fall and winter rains reduce the possibility of fire occuring in these watershed areas," stated the officials. The fire closure is placed in effect annually to help reduce man-caused wildfires that could destroy the valuable watersheds of the Angeles National Forest. "In order to allow the public to enjoy outdoor recreation opportunities offered by the Angeles, the area under blanket closure will be open to entry by written permit during low fire hazard periodss on a day-to-day basis," continued Dresser.

The following restrictions will be imposed for the current fire season:

1. Smoking is permitted in places of habitation, inside vehicles on public paved roads and at paved areas.

2. Smoking is prohibited while traveling on foot, domesticated animal or vehicle when off-road in grass, brush, timber or other flammable vegtative cover, or in areas posted against smoking.

3. Campfire permits are required at campgrounds not accessible by roads and at all back country and trail camps.

4. Trail bikes, chainsaws, generators, and other internal combustion engine devices except automobiles, must be equipped with a spark arrestor of a design previously approved by the U.S. Forest Service.

The possession and discharge of fireworks, tracer or incendiary ammunition within the National Forest boundaries is prohibited.

6. Children should be carefully supervised in the use of matches.

7. Use only those areas that are safe for target shooting.

Information regarding fire permits may be obtained by calling the Ranger stations. Information about local trail and areas can be obtained from the Sierra Madre Fire Prevention office, in the city hall, or call 355-1414.

There's good news this week for the many senior citizens, disabled and other persons qualified for Medicare who are among America's 40 million chiropractic patients. Beginning July 1 they will be able, for the first time, to submit claims for chiropractic care for payment under the Medicare system.

Rowan: You live in the 213 area, don't you?

Martin: Where's that?

Rowan: Los Angeles, and all those other towns around it.

Martin: Yeah, I live there. And boy! That's *living*!

Rowan: And you make phone calls to places *outside* the area, don't you?

Martin: If she's my type, I'll call *anywhere*.

Rowan: Well, starting on July fourteenth, when you dial station calls without Operator assistance to places *outside* the 213 area, you dial "1" first. Then the area code and the telephone number.

Martin: Why do I do that?

Rowan: The area is running out of phone numbers. Just too many people.

Martin: But I *like* people.

Rowan: Sure, who else *is* there? But people need phones, and phones need numbers.

Martin: You don't say.

Rowan: Now, when you dial station calls without Operator assistance to places *outside* the 213 area, will you know what to do?

Martin: Who, me?

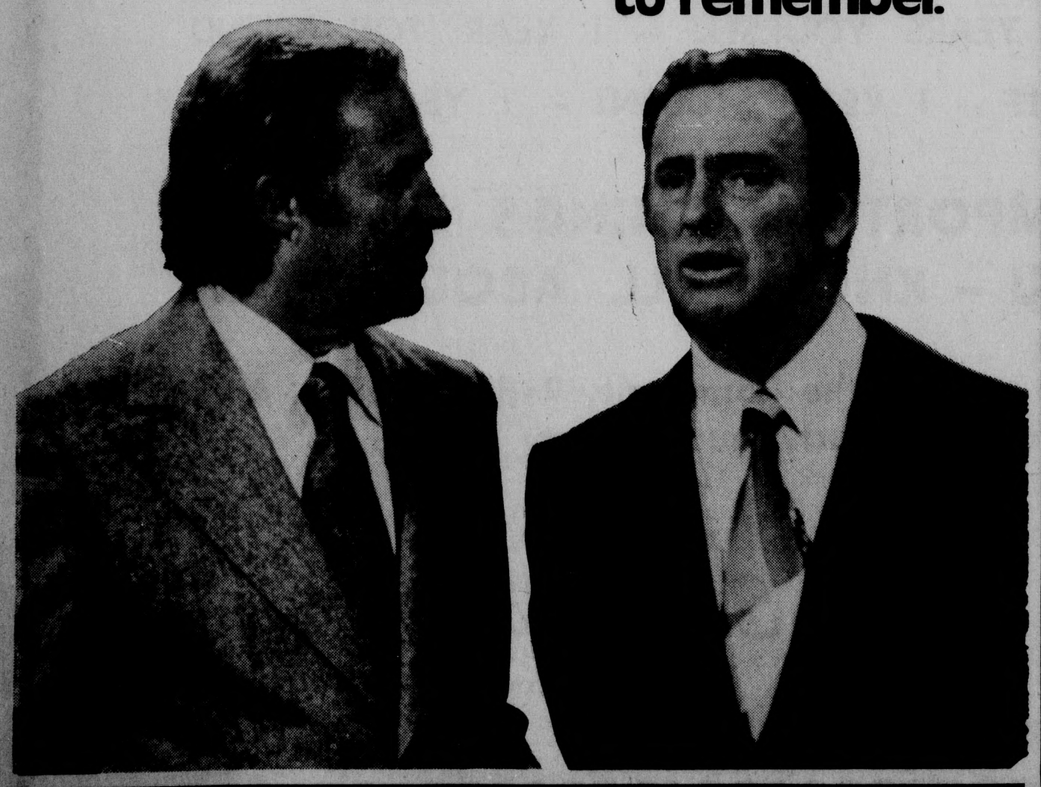

Rowan: You *dial "1" first.*

Martin: Okay, okay. Do you expect me to remember everything?

Pacific Telephone GTE GENERAL TELEPHONE

Starting July 14, when you dial calls outside the 213 area, dial "1" first.

That's a hard number to remember.

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK—
millions leave them there!

"You Should See The Other Guy!"

As a boy it was so easy to justify a fight. Publicly you gloated over your opponent's bloody nose (and privately you wished that his had been the black eye with its more-lasting embarrassment). But, somehow, the victory alone excused the battle.

As an adult how do you view the matter? Would the possibility of bloody victory be sufficient justification for attempting to beat the tar out of some irritating neighbor? You might be arrested for disturbing the peace . . . assault and battery!

But that is not the real reason we control brutal impulses. The real reason lies deep in our Christian heritage:

—a sense of human dignity . . .
—respect for fairness and justice regardless of might . . .
—the belief that peace can be a blessing for weak and strong alike . . .
—that patient understanding can enrich life.

Rooted in the same Christian faith are other great principles of life which challenge men's hearts and minds. We seek to understand and apply them as we worship God in our churches. They are essential in a world still threatened with a return to the black eye and bloody nose . . . or something worse.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Deuteronomy 32:30-38	Psalms 94:1-15	Isaiah 35:1-7	Luke 6:27-36	Romans 12:9-21	II Thessalonians 1:5-12	James 4:1-12

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponored by the business firms and organizations whose names appear in this space.

Editorially Speaking

The People Must Know

The Justice Department has announced it will not prosecute "several thousand apparent violations" of the new elections campaign financing law that went into effect April 7, 1972.

Ninety-five per cent of more than 5000 Congressional candidates and committees, and 200 Senate candidates and committees ignored the law which requires timely reporting of campaign finances.

The Democrats lead the non-reporters by about 60 per cent to 40 per cent for the Republicans. You might say there were about 5000 non-partisan Watergates stretching from the rock bound coast of Main to the sunny shores of California.

In two campaigns that I ran (when there was no strict campaign finance laws) I was told first, by Secretary of State Frank Jordan (1962), and second, by Secretary of State Edmond G. Brown Jr., (1972) that my reports were the most complete and the most detailed of any reports filed those years in California.

I was eight hours late filing my 1972 report and it cost me $42 to get a Superior Court order to certify that it took five days for the mail to carry my report from Los Angeles to Sacramento.

For the first time in several years I did not appear before the Los Angeles County Board of Supervisors to discuss the current budget. In fact not many people did. I was busy trying to help qualify the Reagan Tax and Expenditure Limitation amendment for the ballot. I am happy to report that this amendment will qualify for the ballot and we will have a chance to vote on it in a few months.

I hope the taxpayers will have the common sense to work for, vote for and write this amendment into the Constitution. It's an idea whose time has come.

After a week of hysteria by the press and television about the "big break" between President Nixon and John Connally, supposedly over press secretary Ron Ziegler, Mr. Connally called a national press conference and said "the story was a lot of bull." and that his relations with the President "were never better."

At the same time the television and the press has played down and almost "covered up" the major story that the balance of trade deficit of the last years has been turned into a surplus of $1.5 billion during the month of May. But this story of immense importance to the American people was relegated to the least read sections of the papers it did appear in, and hardly any television used it.

Does anybody know who was President when this event took place?

Another thing, the sale of Volkswagen automobiles in the United States has dropped off 50 per cent since the advent of Pinto and Vega. Volkswageen says they can not met the American competition since the President (of the United States) rearranged the trade policies. Of course the many thousands of Americans who get jobs from this policy will be very happy.

How silly can they get. The State Supreme Court has overturned the convictions of 12 persons duly convicted of the 1969 riots at San Francisco State College. These were some of the rioters in the mob that helped close the University, destroy the educational process, trample on the rights of others and impose tremendous expense on the taxpayers to rebuild their wanton destruction, AND, were found guilty by a jury.

This State Supreme Court decision disgraces the law, makes a mockery out of justice and imposes cruel and unusual punishment on all law abiding citizens.

Seeks Investigation

Hinting that there may be collusion between the Environmental Protection Agency and the automakers to scare Congress into gutting the Federal Clean Air Act, Rep. Glenn Anderson (D.-Calif.) today requested a separate investigation by the General Accounting Office of the decisions which le dto the June 15 EPA announcement proposing gasoline rationing and the banning of cars in Los Angeles by 1977.

In addition, Anderson directed the National Academy of Sciences and the Library of Congress to prepare alternative solutions which would meet the Federal clean air standards without crippling the Los Angeles area.

"Certainly there are ways to meet the clean air standards that do not bar automobiles and require the rationing of gasoline," Anderson said.

"We are prepared to make sacrifices to clean up the air, and we are prepared to make changes in our style of living, but not at the expense of making the Los Angeles area a ghost town," he continued.

Rep. Anderson, the leader of efforts in the House of Representatives to tap the Highway Trust Fund for mass transit purposes, said that an "efficent, convenient, and economical rapid transit system would lure us out of our cars and greatly reduce auto pollution."

Labeling the EPA decision which could ban all cars in Los Angeles by 1977 as "scare tactics," Anderson expressed doubt that all alteratives had been fully explored.

To develop alternative plans to the EPA proposals, which achieve the same air quality, the former Lieutenant Governor directed the Library of Congress — the research arm of Congress — to make an in-depth study of the situation in Los Angeles and to suggest how the area can meet the clean air requirements without banning automobiles and rationing gas.

Anderson also requested the National Academy of Sciences to prepare alternative solutions.

In his request to the General Accounting Office — the agency charged with keeping an eye on the Excutive Branch, Anderson directed an investigation into the decision-making process to find out if the Detroit auto manufacturers and the EPA are working together to force Congress to gut the Clean Air Act.

"Both the Administration and the car makers opposed the Act in 1970, and now maybe they are conspiring to defeat the Clean Air Act by having it either repealed or weakened," Anderson continuel.

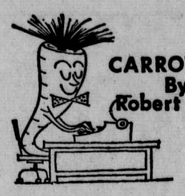

"I think that the Congress and the people of Los Angeles should know exactly what step was taken that led to the preposterous June 15 decision, and what role — if any — the auto industry played in formulating that decision," Rep. Anderson concluded.

Grassroots Opinion

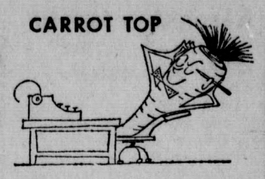

Shelby, N.C., Cleveland Times: "Here's a good incentive for keeping that . . . resolution to clean out your office files: The Weyerhaeuser Company of Federal Way, Wash., held on OUT (Oust Unneeded Trivia) Day recently. Company employees threw out an amazing 422 tons of paperwork and junk. In the process, the company reclaomed 22,880 square feet of floor space and cleared out the equivalent of 1,050 four-drawer file cabinets. Figuring the cost of file cabinets at around $150 each, they saved $157,500 in future file cabinet purchases alone. That should be incentive enough for anybody."

CARROT TOP By Robert Evans

CARROT TOP

fare recipient to perform work which is 'demeaning.' Now wouldn't that be too bad!

— CT —

Personally, I do not think one kind of work is any more demeaning than another, because I do not particularly like any kind. Although I began working at age 12, it has always offended my sensibilities and I have never emotionally adjusted to it, and at this age I seriously doubt that I ever will.

— CT —

You know I was just wondering the other day, ,if the students who protest capitalism in thes country could be traded for the students in the Iron Curtain countries protesting communism, maybe all sides would be satisfied . . . . Wouldn't it be worth a try?

— CT —

Really a wonderful Fourth of July Celebration that was held a couple of weeks ago, Steve Reniro of the Parks and Recreation Department did himself proud. I remember back several years ago when Francis King was the chairman that started the annual celebration, someday I hope that Francis will return to Sierra Madre about this time of the year, she would make a great grand marshal.

— CT —

The City of Sierra Madre has now passed its Budget with a possible increase of 5 to 10 cents, depending on assessments. Now all we have to do is wait for the School Board to follow suit and with a few of the other taxing agencies to be heard from, such as the County and College Board, and we'll soon have the $15 rate that we talked about some weeks ago.

— CT —

Had anyone predicted eight year ago, when the federal budget first passed the $100 billion mark, that less than a decade later we would be spending twice that much money he would have been dismissed as an alarmist, or have told you the State Budget for 1973-74 would be $9 million.

— CT —

Had he added that even at that fantastic figure the spending projection would have been represented as a belt tightening exercise he would have been disregarded as a crackpot.

— CT —

Yet both have come to pass. President Nixon has submitted a prospective schedule calling for the expenditure of $278.9 billion during the fiscal year 1973-74 and calls it an 'austerity' budget. Wow, what will it be ten years hence?

— CT —

Did you know that teenagers are upset these days because they're living in a world dominated by nuclear weapons . . . and adults are upset because they're living in a world dominated by teen-agers . . . But we got to get 'em and we got to keep 'em, else who would run the world in the years ahead.

— CT —

Driving is just like baseball, it's the number of times you get home safely that really counts . . . and this is also true for the base runners.

— CT —

Back to the Fourth of July Celebation or any celebration or any project put on by any group of people or associations . . . . The anatomy of any association or club includes four kinds of bones: (1) Wish bones — those who will go along with an idea but wants someone else to do all the work; (2) Jaw bones — who talk a lot but do little else; (3) Knuckle bones . . . who knocks everything everyone else does; and (4) Back bones — who gets behind the wheel and do the work . . . People of Sierra Madre remember these words as we come closer to New Year's Day and your Rose Float Association calls upon you for help.

— CT —

A young Doctor walked into one of our local restaurants and sat down, watching the waitress at the next table who was having a terrible time scratching her nose; he asked her when she approached him . . . "Do you have eczema?" "Sorry, mister, absolutely no special orders, just what's on the menu." . . . That will teach him a thing or two.

— CT —

I can remember when a yearly salary of $2,500 was considered a very average salary and when a man could bring home $5,200 a year he was in the upper chips, but the fact that any family with a yearly income of $8,400 could be poor is of somewhat recent origin. As a matter of fact that amount that a family can earn and be in poverty was increased by $1,000 last year by Congress and now you are poor if you have a yearly salary of $9,399 a year or less, and that folks, is $180 a week, according to the Department of Labor . . . "Pass the Poverty Please," and we give alms to Joyce Wenger.

— CT —

Boy, I tell you the TV shows are sure dull lately with all the re-runs and the re-re-re-rerun that are coming up; I may start a campaign to bring back the wild excitement days of the Loretta Young show. Do you know what is bothering the TV executives? Some of the commercials that you see now days are getting higher ratings than the show itself.

— CT —

I will sure be glad when the summer TV substitutions are over, and can hardly wait until the Dean Martin Show comes back on the air after they finish distilling it. I do not konw what will happen to the Smothers Brothers Show, but I hear that CBS plans to do a comedy version of the Smothers Brothers Show this fall.

— CT —

Anyway, I have discovered that Summer Time is not the time for TV, and of course in the winter time you do not have time for TV, so if the re-runs would be those that have happened in the past several years, I would enjoy them, but those 1930 to 1935 re-runs are getting the better of me . . . . Hope you have a good vacation; rest up, you will need your energy in September when school starts . . . But do keep a stiff upper lip, I hope, I hope, I hope.

KNOW YOUR NARCOTICS

"Happy 21st Birthday, Johnny"

At least, we hope it's happy, Johnny's strung out on "speed," and most people take him for about 35. He's shooting "meth," now, but he started on pills: "dexies," "bennies." He has to use a little more each day to maintain the "high" and avoid "crashing." It's as though he were a car that's raced its motor continuously for a year. No wonder he looks like he's ready for a 50,000 mile overhaul.

You see, on "speed," you don't eat, you don't sleep, you don't feel you have to pay any attention to your health... because you feel so "up" all the time.

So while you're "up" on speed, your body runs down. Johnny raps all the time about how, since he's started "speeding" he's really living. At this rate, he may have lived his whole life before he reaches 22.

Ass't Pastor Lucht Gives Sun. Sermon

"The Joy of Full Surrender," has been selected at the Sunday sermon topic by Assistant Pastor Gary Lucht, at Sierra Madre Congregational Church.

In commenting on his topic, the assistant pastor said, "David was chosen king of Israel for two reasons: 1) King Saul, his predecessor had been rejected for disobedience; 2) David loved God from the time he was a boy, and wanted to obey him more than anything else. God wanted this kind of man to lead His people to Israel.

"There was a long interval between David's designation as the next king of Israel and his succession to the throne. For about 13 years, David lived as an outlaw, running from King Saul. Saul knew that David had been anointed by Samuel, and he was determined to kill him at any cost. David lived only by God's grace.

"Finally, he became king after Saul was killed in battle and all the tribes of Israel gave up their loyalty to Saul's family. David conquered the Canannite stronghold of Jerusalem as his new capital, and shortly after he moved there, he centralized Israel's worship by bringing the Ark of the Covenant into the city.

"This event was a major turning point in Israel's history, because now at last God had chosed the place which would be Israel's focal point. Now Jerusalem would symoblize Israel."

Assistant Pastor Lucht concludes his statement with the following observations: "David was naturally joyful, and he showed it that day. He "danced before the Lord with all his might." He wanted God to know how grateful and dependent he was for all the blessings and honors. His wife was disgusted. But David's reply sets a pattern for us:

"'I did it before God who chose me, and am willing to do more to prove I don't have any false ideas of my own greatness'."

Dr. M. M. Stevens Announces Sun. Sermon Topic

Dr. Margaret M. Stevens, minister of The Santa Anita Church in Arcadia, announces her subject for Sunday morning, July 15, "Dividends Unlimited!" Dr. Stevens recently attended the annual Congress of the International New Thought Alliance which was held in Miami, Florida. She returns with news of this event. Attending with her were seven members of the youth group and other delegates.

Some of the youth will participate in the services Sunday morning, which are held at 9:30 and 11 a.m. Nursery care is provided for both services.

Summer classes at the church are held Tuesday evenings and Friday mornings. On Tuesdays at 7:30 p.m. in Fellowship Hall the class is studying Dr. Maxwell Martz's book, "Psycho-Cybernetics." A Bible study class is held at 8 p.m. in the recreation room of the Village, next door to the church, also on Tuesday evenings. On Friday mornings a class in healing is offered at 10:30 and a more effective speech class is held at 11 o'clock in Inspiration Chapel.

The Santa Anita Church is located at 226 W. Colorado Blvd., Arcadia. Junior Church is held at 11 a.m.

S.A. Church's Women's Groups Summer Schedule

Don't let the usual summer doldrums get you. Learn how to stay cool, calm and collected this summer by attending the "Summer Symposium and Sandwich Smorgasbord" on Thursday, July 12 at 12 noon. Many surprises are in store for you at the Symposium being led by specialists in their field: Beverlee Kelley: "Be Good To You"; Karen Burt, 'All About House Plants"; Kitty White, "Handwriting Can Change Your Life"; Peggy Smyth, "Sew Up a Summer Storm — Using Sheets, and Sewing Secrets Your Mother Never Told You."

"Never underestimate the power of a dollar or of a woman," states Santa Anita Women's president, Mrs. Joseph M. Smyth, in her invitation to all women. This project was introduced when each woman was given $1 and told to increase it on her own during the summer. This Summer Symposium was born with this challenge and is under the direction of Mrs. Smyth. Her assistants will be Mrs. Richard Morrison, Mrs. Margaret Vanderhaar, Mrs. Margaret Armour, Mrs. George Serles, Mrs. Joseph Laszlo, Mrs. Anton Novak and Mrs. Madelyn Thompson.

All women are invited to attend this "fun" day at the Santa Anita Church, 226 W. Colorado Boulevard in Arcadia. The women meet each week for a class at 11 a.m. on Successful Living which is conducted by the minister. Dr. Margaret M. Stevens. There is no charge for this class. Donation for the Symposium is $2.50. Baby-sitting will be provided, but reservations are needed. Please call the church office, 446-8206 for luncheon or baby-sitting reservations.

Guest Speaker At Faith Lutheran

Mr. Ed Stelling of the Lutheran Bible Translators, Inc., located in Orange, California, will be the 10 o'clock Sunday morning speaker at Faith Lutheran Church, 845 Hastings Ranch Drive.

For the past nine years he has been a teacher in the Christian Day School of Christ Lutheran Church in Costa Mesa, serving also as principal during the past five years. Recently he became involved in the work and program of the Lutheran Bible Translators, and is currently preparing himself for an assignment to a Liberian tribe in the fall. The Bible Translators are interested in bringing the Scriptures to Bibleless tribes, primarily to such as do not have a written language. The assignee makes it his mission to live with the tribe, to learn their language, and then to transpose it into written form, thereafter translating various books of the Bible into that language. Mr. Stelling is preparing himself for such literary work.

Donald Hunt Passes On

Donald W. Hunt, formerly of 396 North Grove Street, died in Gallop, New Mexico on Friday, June 22. Born June 13, 1905, Mr. Hunt was 68 years of age. Death came to him in his sleep in a New Mexico motel while he was enroute home to Scottsdale, Arizona from a vacation.

He is survived by his wife, Anne Hunt, of 601 North Hayden, Scottsdale, Arizona.

Reconstruction of Canon Avenue Bids Awarded

Bids from four contractors on the reconstruction of Canon Avenue were received by the staff and presented to the City Council for approval at its meeting of Tuesday, July 10.

Alternates of sidewalks were included in the bid for the building of sidewalks, removing of trees and construction of slumpstone walls.

Griffith and Company of Long Beach was the low bidder for the entire project for $58,377 which included Alternate 1 at $11,025. High bidder for the project was $87,521.

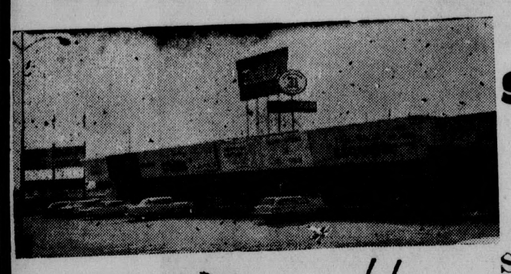

Since the project was considerably more than the limit allowed out of Gas Tax funds and budget, the City Administrator Medley recommended that the bid be awarded to Griffith Company in the amount of $47,352 and eliminate Alternate 1. The City Council approved the recommedation and awarded the contract as recommended.
